BLEEDIN' KANSAS HITS STANDPATS

Insurgency Wins Sweeping Victory in Sunflower State Primaries.

ONLY TWO STANDPAT MEN RENOMINATED

Six of the Eight Congressmen Progressive—Gov. Stubbs Wins.

Topeka, Kas., Aug. 3.—Insurgents won almost a complete victory at the Kansas primaries yesterday.

Six out of eight insurgent congressmen have been nominated in spite of everything the congressional organization in Washington and the regulars in Kansas could do to save their men. Their majorities run from 1,000 to 3,500.

Of the six stand pat congressmen who were seeking renomination only two are sure of being on the ticket this fall.

In the Third district P. H. Campbell defeated Arthur Cranston, insurgent.

In the First district Representative D. R. Anthony, a strong Cannon adherent, won over T. A. McNeal, insurgent. Anthony's majority will be close to 600.

Representative William Calderhead in the Fifth, leader of the standpatters, was defeated by about 2,000 votes. Victor Murdock and E. H. Madison, insurgent leaders, had no opposition and will be returned to congress.

W. R. Stubbs for governor has been renominated with a majority over Thomas Wagstaff of about 20,000, or 2,000 more than he had over Cy Leland two years ago. Stubbs is an insurgent, Wagstaff a regular.

Republican Congressional Roster.

From the present indications the republican candidates for congress in Kansas will be:

First District—D. R. Anthony, standpatter, Topeka.

Second District—A. C. Mitchell, insurgent, Lawrence.

Third District—Philip P. Campbell, standpatter, Pittsburg, renominated by reduced figures.

Fourth District—Frederick S. Jackson, insurgent, Eureka.

Fifth District—R. R. Rees, insurgent, Minneapolis.

Sixth District—I. D. Young, insurgent, Beloit.

Seventh District—Edward H. Madison, insurgent, incumbent, Dodge City.

Eighth District—Victor Murdock, insurgent, incumbent, Wichita.

Democrats Nominated.

The democrats had no candidates for congress in the First and Eighth districts. In the First J. H. Calger's name was written on the ballot and he was nominated. In the other districts the nomination of the following democrats is indicated:

Second district, Grant Harrington, Kansas City.

Third district, J. D. Botkin, Winfield.

Fourth district, Henderson Martin, Marion.

Fifth district, G. T. Helvering, Marysville.

Sixth district, H. O. Caster, Oberlin.

Seventh district, G. A. Neeley, Hutchinson.

MURDOCK EXPLAINS VICTORY.

Wichita, Kas., Aug. 3.—Victor Murdock, the insurgent leader in congress in his home in this city today, heard the news of the insurgent victories in Kansas in yesterday's nominating primary. The congressman is so hoarse from his recent speaking campaign that it is with difficulty that he can make himself heard. Mr. Murdock said: "The significance of the overwhelming insurgent victory in Kansas is two-fold. First it is a complete repudiation of both Cannon and the system by which he has robbed the people of free government in the house. Scott, Miller and Reeder where chairmen of important house committees, while Calderhead was on the ways and means committee. All were beaten because they subscribed to the Cannon system.

"Second, the Kansas insurgent victory is an effort by the republicans of Kansas to say with emphasis to the nation that the republican party of Kansas, by endorsing Governor Stubbs and the Kansas insurgents in congress, stands for immediate and effective legislation framed to drive special and selfish interests out of control in American politics.

MISSOURI'S PRIMARIES.

St. Louis, Mo., Aug. 3.—Missouri's ten democratic congressmen and at least two or three republican members of the lower house were renominated at the primary election yesterday. The exception on the republican side is Congressman Charles A. Crow, of the Fourteenth district, against whom David W. Hilly, an insurgent republican, is pitted.

Congressman Patrick F. Gill, of the Eleventh district, St. Louis, is the victor by a small margin, according to latest returns this morning. His principal opponent is Daniel F. Meehan.

Booher, of the Fourth; Borland, of the Fifth, and Hamlin, of the Seventh, were obliged to contest for their nominations.

OKLAHOMA STANDPATS WIN.

Guthrie, Okla., Aug. 3.—Insurgent republican candidates for congress in the primary election yesterday were defeated in three Oklahoma districts in which definite returns have been obtained. The following standpatters seems sure of nomination: First dis-

IGNORES TAFT IN KEYNOTE SPEECH

Senator Takes a Studied Slap at President in Iowa Convention.

TURMOIL FOLLOWS STANDPAT PROTEST

Progressives Control the Convention and Will Dictate Platform.

* The speech of United States Senator Cummins as temporary chairman of the Iowa convention will be found on page 7.

Des Moines, Ia., Aug. 3.—Senator Cummins threw the republican state convention into disorder today when he named the party of "Lincoln, of Grant, of Roosevelt," etc., ignoring President Taft.

Former Congressman Lacey, a standpatter, walked into the center aisle crying, "Taft, Taft, Taft," in which he was joined by his fellow stalwarts. Roosevelt's name was cheered standing. Cummins, who spoke as temporary chairman, ignored Lacey's cry, but it was some time before he could resume.

A number of so-called regulars did not stay to hear the address out.

Standpats Full of Fight.

It was noon before the resolutions committee was named and sent to its deliberations. It stands six progressives to five standpatters. As the latter threatened to demand ceaseless roll calls it was believed by many that a night session would be necessary.

The majority report of the resolutions committee endorses Governor Carroll, and there is merely a courtesy reference to the national administration. The committee on permanent organization by a strict factional vote chose Senator Dolliver for permanent chairman, six to five.

Cummins Repeatedly Cheered.

Senator Cummins was repeatedly cheered by the progressives, the stalwarts generally remaining silent unless to interrupt him. He referred to "hopeless and retreating reactionary" and declared that the republican party must speedily become all progressives or all standpatters. He declared it would be easier to make the republican party all progressive than secure proper legislation from a democratic administration. He averred that Payne, Aldrich, Dalzell and other so-called regulars are no more in favor of the principle of protection than are the progressives. The republican party, he said, was not formed to make men rich but to make them free.

The various committees went into session at the conclusion of the address.

Platform Makers in Stampede.

Talk yesterday for endorsement of President Taft and the protective policy. By night, however, the platform makers of this faction were in a stampede. They prepared planks endorsing the president and Governor Carroll, calling them respectively the leaders of the party in nation and state. They endorsed Taft for signing the Payne-Aldrich tariff bill and to the law gave their unqualified approval. Nothing could better be calculated to arouse the ire of the insurgent delegates, who are in the majority by 200. Former Congressman Lacey sounded the keynote in a speech in which he declared that it was important that Iowa should go republican next election. At the conference last night the sixth and ninth districts were unable to select definitely their members of the resolutions committee.

Standpatters are Proposed.

They went into caucus this morning with John F. Lacey and H. A. Waterman, under consideration in the Sixth, and State Senator C. G. Saunders, and State Senator A. C. Savage the candidates in the Ninth. All are standpatters. The second district conference developed considerable feeling and the end was not in sight when the delegates from this district began their caucus this morning. The progressives of Clinton, Muscatine and Jackson counties secured the pledges of 57 out of 104 votes to put George M. Curtis on the resolutions committee. Jos. R. Lane, one of the most influential republicans of the district and generally known as a great harmonizer, refused to accept Curtis. The standpatters' delegations refused to stand for either Lane or Curtis.

Ovation for Cummins.

The entrance of Senator Cummins, temporary chairman, was the signal for a wild burst of applause. Senator Dolliver, slated for permanent chairman, came in a few moments later and received an ovation. On the best authority it was stated that the platform to be adopted will endorse President Taft in language which will not conflict with the most hearty approval of Iowa's insurgent delegation in congress. Early developments indicated an endorsement of Governor Carroll. Another probable plank, it was reported, would endorse publicity of campaign expenses and the election of United States senators by direct vote.

Senator Cummins did not mention either President Taft or Governor Carroll by name in his speech. In referring to the republican party as the party "of Lincoln, of Grant, of Roosevelt," etc., it was noticed he did not say anything about the party of "Taft."

Studiously Ignores Taft.

The mention of Roosevelt's name brought the audience to its feet. Then from the standpatters came cries of "Taft, Taft, Taft." They wanted the party referred to as the party of Taft also. The senator smiled during the

RAIN MARS DAY OF SPECTACLES FOR PYTHIANS

Parad... ...Competitive Drills Scheduled at Milwaukee.

Milwaukee, Wis., Aug. 3.—The features of today's program of the grand encampment, Knights of Pythias, are the competitive drills at Camp Henry Parish Brown and the big parade of the subordinate lodges and Pythian Sisters. These events may be postponed on account of the heavy rain which has been falling since early morning. Three United States army officers are detailed by the war department to act as judges in the drills. Supreme Chancellor Brown in his biennial report for the year shows an increase in the Pythian order membership. The total assets of subordinate lodges as reported by the various grand domains aggregated the sum of $17,568,331.77.

Important recommendations made by the supreme chancellor of the supreme lodge are the publications of the ritual, application for knighthood and installation in the German language; the appointment of a committee to consider the advisability of the revision of the ritual and appointment of a committee to investigate and report as to the necessity of the law regulating suspensions of members for nonpayment of dues.

TWO WORKING ON FLOATS.

Shriner Mardi Gras Committee to Meet This Evening.

A second expert from Mobile, Alabama, arrived in the city today to assist Col. Pine in the erection of the big floats that are to be used in the Shriner Mardi Gras parade in October. Col. Pine has been here for several weeks and has nearly completed one of the largest of the floats. The work is being done in the eastern part of the city.

The general committee on arrangements will gather at 7:30 o'clock this evening in the offices of the Lincoln National Life Insurance company in the Shoaff building for the purpose of furthering arrangements for the big October affair.

PLAYGROUND SITE DONATED.

Western Gas Company Gives Ground for S. F. Bowser to Equip.

The big lot on the south side of Buchanan street, directly opposite the main building of the Western Gas Construction company, has been offered free for a period of five years by O. N. Guldlin as the site for the new S. F. Bowser playground. Mr. Bowser several days ago agreed to fully equip a play ground at his own expense and the site chosen is but two blocks distant from the Bowser Oil Tank works. Work on the Bowser playground is to be commenced immediately.

BIG CROWD AT SALE.

Morbid Curiosity in Evidence at the Richer Farm.

A crowd estimated at 2,000 people was drawn to the sale at the Moses Richer farm in Cedar Creek township yesterday and a great number of the people were there out of morbid curiosity. All of the personal property except the grain was disposed of and it brought pretty fair prices. The total amounted to about $2,600.

RUSH OF COUNSEL TO SAVE CRIPPEN

No Dearth of Lawyers to Defend Man Accused of Murder.

COOL AND NERVY, TURNS ALL DOWN

Declares He Has Counsel in London Arranged for by Self.

Quebec, Aug. 3.—Dr. Crippen slept well last night and appeared in moderately good spirits when he arose at 6 o'clock. He had breakfast an hour later. The prisoner spends his days reading and walking in the jail corridor.

Miss Leneve, jointly charged with Crippen with murder, remained today in the prison infirmary. She is being kept there not because her condition any longer demands it, but that she may not come in contact with other women prisoners who might, the police fear, annoy her and so aggravate her extreme nervousness.

Miss Leneve Has Means.

The pretty typist is better supplied with funds than is her male companion. While but $18 dollars were found on Crippen the girl carried $60 in currency. A large part of this sum was used today by the prison matron to purchase clothing suitable for her charge. The authorities continue their extremely considerate treatment of the girl, but continued reports that she has made admissions damaging to Crippen or in the way of establishing her own innocence are denied.

Crippen's comparative calm gives, according to his keepers, a positive refutation of the allegation made in London that he had been addicted to the use of drugs. Crippen did not jump at the offer of legal services that came to him from a London solicitor last night. The provincial authorities said this morning that the prisoner had not replied to the cablegram which came from Arthur Newton, setting forth that the latter had been asked to undertake the defense by friends of Crippen who would defray the expenses involved.

Wants Not for Counsel.

It appears that Crippen will not want for counsel. Yesterday a local attorney visited the jail, and through the jailer sent a message to Crippen offering his services free of expenses. He said that he had been retained by persons in London, the names of whom he declined to make known. Crippen promptly refused the proffered aid and at the same time told the prison governor, Joseph Morin, that he had a lawyer in London and did not need another. This statement was made before he had received the message from Newton and it is believed by some that Crippen had anticipated a move by certain of his London friends.

Inspector Dew and Chief McCarthy visited Crippen last night and remained with him for some time. What occurred was not made public.

TAFT WILL GO.

St. Paul, Minn., Aug. 3.—Governor Eberhardt, who is in Boston and who has been at Beverly to see President Taft today wired his secretary, Ralph Wheelock, that President Taft had promised to come to St. Paul to attend the national conservation congress, which meets here Sept. 5. It is expected that President Taft will attend the opening session and make an address.

RELIGIOUS CRISIS IS GROWING MORE ACUTE

Situation in Nor... of Spain Has a Grave Aspect.

Madrid, Aug. 3.—The agitation among the Roman Catholic population in northern Spain, who are in great part siding with the vatican in the pending conflict with the Spanish government, is steadily assuming larger proportions. The organizers of the proposed manifestation at San Sebastian against the cabinet and Premier Canalejas and its policy toward the vatican declare that the demonstration will take place in spite of the refusal of the authorities to grant permission for it. They expect one hundred thousand churchmen to visit the summer capital and participate in the demonstration before the king's palace August 7.

The prohibition of the demonstration was issued, it is stated, upon the representations of tradesmen that the manifestation might easily develop into grave disorders.

ALFONSO SEES BRIAND.

Paris, Aug. 3.—King Alfonso, who, with his queen, is the guest of the French republic, had a long conversation with Premier Briand last night.

It is presumed that the religious situation in Spain formed a subject of discussion.

AMATEUR BIRD MAN TUMBLES TO THE GROUND

Was Trying Safety Device on Monoplane and It Was a Failure.

New York, Aug. 3.—Dr. H. Walden, an amateur aviator, was seriously injured today at Garden City, L. I., while testing a new monoplane.

Dr. Walden had been encircling the aviation field for half an hour when something went wrong with the craft and it dropped fifty feet to the ground.

The physician was unconscious when removed from the wrecked monoplane and was hurried to the hospital. It is believed that he is internally injured.

Dr. Walden has been experimenting with a new stability device and was trying it out on a monoplane which does not glide as far as a biplane when the motor power ceases.

When the surgeons examined Dr. Walden they found his collar bone, left arm, right wrist, left leg and right ankle broken.

FISH STORAGE PLANT BURNS.

Winnipeg, Aug. 3.—The largest fish cold storage plant in Manitoba, owned by the Winnipeg Fish company, at Selkirk, was destroyed by fire last night. The loss is $100,000.

ROOSEVELT SEES MINE CONDITIONS

Spends Day Visiting the Coal Diggers in the Wilkesbarre Part.

GUEST AT NIGHT OF FATHER CURRAN

Gains Much Information from Priest and John Mitchell.

Wilkesbarre, Pa., Aug. 3.—Col. Roosevelt, who reached this city at midnight from Scranton and was the guest during the night of Rev. J. J. Curran, pastor of Holy Savious Catholic church, arose early today and made himself at home on the big porch which surrounds the priest's parochial residence.

He read the papers, and commented on the beautiful mountain scenery, a good view of which could be had from the porch. The news that the former president would be the guest of Father Curran became known last night and early today groups of people gathered about the residence.

John Mitchell Also There.

John Mitchell, who is also the guest of Father Curran and who spent many months in Wilkesbarre while directing the big miners' strike of 1902 pointed out to Col. Roosevelt the many places of interest in the Wyoming valley.

The distinguished visitor was particularly interested in the route over which Gen. Sullivan traversed when he came to the rescue of the white settlers of the Wyoming valley when they were besieged by the Indians over a century and a quarter ago. Sullivan's army marched close by where Col. Roosevelt slept last night. Col. Roosevelt, John Mitchell, Lawrence Abbott and about forty others will be Father Curran's guests at luncheon at 1 p. m. At 4 o'clock the former president and party will leave in automobiles for Bear Creek, where they will be the guests of Albert Lewis, the millionaire lumber king, at dinner.

Well Known to Father Curran.

This is Colonel Roosevelt's second visit to Wilkesbarre. He came here ... national convention ... Total Abstinence society. Father Curran is a national officer of the organization and he was instrumental in having the president visit here at that time. Since then a warm personal friendship has sprung up between the two men.

Col. Roosevelt will not find the mining industry as prosperous as it was in 1906. Many of the collieries are working only half time. Nevertheless the former president's welcome will be just as hearty, if less demonstrative, because the miners realize that it was through his influence that the great strike of 1902 was settled.

A Day Among the Miners.

Colonel Roosevelt started out at 10 o'clock this morning to spend the day among the miners in the Wyoming valley. With John Mitchell and Father Curran he drove up the valley, headed for Pittston, ten miles away. The day's itinerary included stops at Pittston, Kingston, Plymouth and Nanticoke, all mining towns.

Colonel Roosevelt did not get to bed until after 1 o'clock this morning, but said he was going to get up early. That meant 6:30 or 7 o'clock, in the opinion of his hosts, a good deal too early, considering the fact that the colonel had a long, hard day ahead of him.

Father Hid His Shoes.

Thus it happened when the colonel arose about 6:30 o'clock his shoes were missing and Father John A. Lawrence told him they would not be returned until 8 o'clock. Under the conditions, Colonel Roosevelt was obliged to return to bed and sleep another hour. Before the party started out Colonel Roosevelt had a long talk in the rectory with Mr. Mitchell and Father Curran. He said later his two friends had given much valuable information to him along the lines of the investigation which he is carrying on into the social life of the people of the mining country. He added that he hoped to be able to meet the miners and their families today, just as he did yesterday as a plain citizen.

Social Life Concerns Him.

"I am concerned just now," he said, "more particularly with the social life of the people than with the conditions under which they work."

In Kingston and Plymouth he would talk with the Slavs and Hungarians in Nanticoke he was to meet miners of various nationalities.

Colonel Roosevelt will leave Wilkesbarre by train late tonight for New York.

THE WEATHER.

Washington, Aug. 3.—Indiana—Showers and thunderstorms tonight or Thursday, cooler in north portion tonight; cooler Thursday; moderate to brisk southwest, shifting to northwest winds, with squalls this afternoon.

Lower Michigan — Showers and thunderstorms this afternoon and tonight; Thursday fair, cooler in southwest portion tonight; moderate to brisk southwest, shifting to northwest winds, with squalls this afternoon.

Ohio—Showers and thunderstorms tonight or Thursday; cooler Thursday; moderate to brisk south and southwest winds, shifting to northwest Thursday.

Illinois—Partly cloudy tonight, except showers in extreme north portion; cooler; Thursday fair.

PREPARING TO SURVEY MAUMEE

Army Engineering Corps is Expected to Make an Early Start.

COL. JOHN MILLIS WILL DIRECT WORK

May be First Step Toward Ultimate Construction of Barge Canal.

Under authority conferred by the rivers and harbors bill of June 25, 1910, the engineering corps of the United States army is preparing to make a survey of the Maumee river between Toledo and Fort Wayne, and developments of the past few days indicate a purpose to make an early start in the work.

The survey will be under the direction of John Millis, colonel of engineers, stationed at Cleveland. Colonel Millis has written Fort Wayne men asking for any information that local interests may desire to present to permit formal opinion and recommendations relative to the proposed improvement.

Regarded as Important.

While the effort to secure the passage by congress of an act directing the survey of the proposed barge canal from Toledo to Chicago by way of the Maumee river and Fort Wayne failed of passage, the forthcoming survey of the Maumee by the army engineers is regarded here as of immense importance in connection with the canal movement. It is fully expected locally that the army survey will go far in demonstrating the practicability of the canalization of the Maumee.

What is said to have been a very thorough and excellent survey of the Maumee was made some years ago from Toledo to a point seven miles west of Defiance, but it is believed that there is no modern record of the remaining portion of the river. The provision of the rivers and harbors bill merely provided for a survey of the entire river as a basis for determining the advisability of any attempt at improvement of the stream.

Col. Millis Interested.

Col. Millis had been furnished with ar immense mass of data regarding the ... of the proposition, and he has written ... express his thanks for the information and stated that he was much interested in the canal suggestion.

P. A. Randall, president of the Toledo, Fort Wayne and Chicago Deep Waterways association, stated today that Col. Millis would be supplied with all the information in the hands of the association regarding the Maumee river and its possibilities, and that it would be urged upon the engineering corps in making its survey to take into account the plan of the canal organization to provide a canal of at least fourteen feet in depth and of sufficient width to handle a large traffic.

Col. Millis has not indicated the precise date for beginning the survey, but it is expected that it will be taken up without delay. Mr. Randall is confident that the next session of congress will authorize the survey of the remainder of the proposed canal route from Fort Wayne to Chicago.

TO ROOT AND RIOT ON BALL FIELD IN ESPERANTO

Advocates of Universal Language to Introduce Novelty.

Washington, Aug. 3.—"Tri Frapumo"—this is the cry that will ring out from a base ball umpire's lips for the first time in the history of the American national game on the afternoon of Thursday, Aug. 18, when the Washington and Cleveland American league teams meet here.

The words are Esperanto for "three strikes." They will be used to indicate "batter out" on the afternoon in question, because the thousand or more delegates to the international Esperanto congress, which will be in session here that week, will be present at the game.

In addition to some Esperanto calls from the umpire, the Esperantists will be made to feel at home by having distributed to them printed copies of base ball rules in Esperanto, translated especially for the occasion.

A squad of the Metropolitan police force, which recently formed itself into an Esperanto class, will tell the crowding throng at the gates in the international language to "keep moving." They will do duty also in and about the hotel, where the sessions of the congress will be held.

HAS BEEN INCORPORATED.

New Auto Manufacturing Concern Files Articles.

The Fort Wayne Automobile Manufacturing company has filed its articles of incorporation. The capital stock is $20,000, and the directors are George P. Dudenhoefer, Henry E. Boeker, George T. Fox, William H. Rohan, Charles J. Romary, Louis J. Willrath and Theodore J. Harges, all of this city.

PLATFORM OF IOWA INSURGENTS.

Des Moines, Iowa, Aug. 3.—The ma[illegible] resolutions committee of the republican state convention here [illegible] not only the strict enforcement of the anti-trust laws, but favor [illegible] additional strength and scope to them. The administration of Governor Carroll is endorsed and other state officers are warmly spoken of. On the points of greatest interest, the tariff, the majority resolutions will be substantially as follows:

The republicans of Iowa through their delegates selected according to the law of the state, makes the following declarations of their views upon public affairs:

They declare that to deserve the continued support of the people the party should oppose by every means in its power any political encroachments or legislative interference by those who seek to raise extortionate profits through the acquisition of unjust privileges.

They reaffirm their loyalty to the republican national platform of 1908 and pledge themselves to do whatsoever they can to carry every part of it into full effect.

They especially emphasize their long and well settled faith in the republican doctrine of protection. Its soundness and wisdom are beyond controversy and it ought to be accepted as the established policy of the nation.

The last republican national platform announced with clearness and precision the rules for its application to imports and when so applied it safeguards equally the interests of labor and capital and promotes equally the welfare of the producer and the consumer. They do not recognize the revision of 1909 as a satisfactory fulfillment of the party promises.

In order to bring the tariff law into a complete compliance with the rule of the platform it is necessary that the difference between the cost of producing dutiable commodities at home and abroad should be correctly known.

Therefore they favor the creation of an independent, non-partisan tariff commission, which shall be the instrumentality of congress to ascertain the difference between the cost of production here and in other countries and publish the facts so that not only congress, but the people shall be advised of the results of its investigations.

Until such a commission is authorized they approve the effort of the president to secure the desired information through a board of experts employed for that purpose.

They profoundly believe that when the tariff is again revised its schedules should be considered separately, so that each subject can be dealt with upon its own merits, and thus secure fair and impartial action upon the part of congress.

They endorse such efforts as President Taft and his advisers have made to fulfill the promises of the national platform and which have been in harmony with the declarations of this convention.

They commend to the nation the [illegible] they heartily endorse their work upon the tariff bill, the railroad bill and the postal savings bank bill.

The patriotic efforts of our senators to protect the public rights from the greed of special interests in national legislation have gained the admiration of the country; the attempt to secure the largest measure of equitable revision in the tariff law was a republican defense of the people's welfare; their insistence, determined largely the beneficial features of the railroad law and it is with pride that the republicans of Iowa recognize the contribution of their chosen representatives to the welfare of the nation.

They commend the action of the house of representatives in revising its rules giving to the individual member a greater form of expression and initiative in the discharge of its duty, and they endorse the contributions of Iowa's representatives to this most important reform.

The republicans of Iowa are the best judges of the republicanism of the senators and representatives whom they sent to congress and they resent any attempt to exclude any of them from the honors and privileges which properly attach to membership in the republican party.

outburst but ignored the request.

trict, Bird S. McGuire, Pawnee, incumbent; Second, Dick T. Morgan, Woodward, incumbent; Third, C. E. Crager, Muskogee, incumbent.

In the Fourth district C. M. Campbell, regular republican, had no opposition in his own party. In the Fifth district returns are yet too meager to say which of three republican candidates was successful. Democrats are known to have been nominated for congress as follows:

Third district, James L. Davenport, Vinita; Fourth district, Charles D. Carter, Ardmore, incumbent.

Returns are coming slowly and some of the remote parts of the state will not be heard from before tomorrow. Incomplete returns indicate that the race between Lee Cruce and W. H. Murray for the democratic nomination for governor was very close, with Cruce leading by a small margin.

Joseph McNeal, of Guthrie, is running ahead of Thomas Ferguson for the republican gubernatorial nomination. A tragic incident that closed the primaries was furnished in the death this morning of Wm. Cross, secretary of state and democratic candidate for the office of [illegible] he was nominated.

THE DEATHS.

EHRMANN.

Violet Zoe Ehrmann, infant daughter of Mr. and Mrs. Henry A. Ehrmann, 1512 St. Mary's avenue, died at 4:30 o'clock Wednesday morning from cholera infantum at the age of 1 year, 3 months and 21 days.

REQUEST OF ENDEAVORERS.

Want Mrs. Longworth to Cease Cigarette Habit.

Fairbury, Neb., Aug. 2.—Without a dissenting vote the four Christian Endeavor societies voted yesterday that a public request be sent to Mrs. Nicholas Longworth, asking her to give up the cigarette habit. It was pointed out at the meeting that the influence of a former president's daughter would count a great deal with the younger generation in America. This action came as a surprise. It was the climax of a warm discussion following the reading of a paper on narcotics. The name of the member who proposed writing to Mrs. Longworth on the subject was not made public at the close of the meeting. Society leaders in general who sponsor for the cigarette habit were severely scored during the discussion.

WAS A CHICAGO LAWYER.

Man Who Ended Life in Seine at Paris Identified.

Paris, Aug. 3.—The identity of the American who committed suicide in Seine, July 29, and whose body was recovered Sunday, has been established. He was William Starin, a lawyer of Chicago, who had lived in Europe for the last two years. Mr. Starin suffered from neurasthenia and insomnia and often had threatened to commit suicide. The funeral was held today. Mr. Starin was a native of Louisville, Ky.

MARRIAGE LICENSES.

MOB SPIRIT BROKEN AND FORCE WILL BE REDUCED

Part of Ohio Troops Will Leave Columbus—Peace Conference On.

Columbus, Ohio, Aug. 3.—Nearly one half of the 3,200 Ohio national guard soldiers on duty in Columbus will be sent home Thursday morning on advice of Mayor Marshall and the national guard officers. overnor Harmon acquiesced.

This was agreed upon at a conference held at the office of the adjutant general today and participated in by Mayor Marshall, Adjutant General Charles C. Weybrecht, General Chas Dick, division commander, and General Wm. McMakin, Toledo, and John C. Speaks, Columbus, commanding the first and second brigades.

Mob Spirit Broken.

It was the opinion of all parties in the conference that the mob spirit had been broken and that the remaining troops and the local police force, which will be reinforced by many deputies sworn in by the mayor will be able to preserve peace.

The division staff and headquarters and all the organizations of the first brigade with the single exception of the Third regiment, Colonel Herbert G. Catrow, Miamisburg, commanding, comprising some 500 men, are the troops that leave. This will leave in the neighborhood of about 1,700 troops, who will be under command of General Speaks, commanding the Second brigade, which has headquarters in Columbus. The orders for the dismissal of the troops was issued by Adjutant General Weybrecht, on approval of Governor Harmon.

Nothing had been done today by the governor on the proposition to call the Ohio legislature in special session to enact a compulsory arbitration law. Conferences again began today to try and settle the strike of the union carmen.

Conference in Governor's Office.

The conference of representatives of the union street carmen and the company, called by Governor Harmon, opened in his office at 9:40 o'clock this morning. The meeting was an executive one and those who participated in it were Governor Harmon, R. E. Sheldon, General Manager Stewart and Mr. Butler, a stockholder, on behalf of the company, and eleven of the union carmen. Mr. Stewart refused to meet Organizer Fay, of Detroit, who organized the union here.

STARTING ANOTHER BOYCOTT.

Chinese of Canton Inaugurating War on American Goods.

Canton, China, Aug. 3.—A boycott of American goods and American merchants on similar lines to the one which several years ago caused millions of dollars damage to American trade in China, has been proclaimed here in response to complaints of the treatment of Chinese in America. The specific cause of complaint on this occasion is the objection of the Chinese of San Francisco to the detention sheds on Angel island in San Francisco bay.

The boycott is proclaimed by the Chines self-government society of Canton, an organization conducting a propaganda of "China for the Chinese."

WINS IN PRIMARIES: DIES.

Oklahoma City, Okla., Aug. 3.—Secretary of State William Cross died here at 6:30 this morning of heart disease. He was a candidate in yesterday's primaries for nomination for state auditor on the democratic ticket and is generally conceded to have won. He had been suffering from heart trouble for years. Gangrene caused by weak heart action hastened the end.

GRAND TRUNK GIVES WAY TO DEMANDS OF MEN

Wage Advance is Granted and Big Strike is Called Off.

Ottawa, Ont., Aug. 3.—The strike of conductors, trainmen and yardmen, which began on the Grand Trunk and Central Vermont systems on July 18, was officially called off last night.

Under the terms of the agreement, signed by President Hays for the railroads and all the union officials, the men will receive, dating back to May 1 of this year, an advance of approximately 18 per cent, and beginning January 1, 1912, a rate of wages slightly below the eastern association schedule, for which they struck, but an advance in many instances of over 30 per cent.

Much credit for the successful outcome of the peace negotiations is given to W. L. MacKenzie King, the minister of labor, who has persisted in his efforts to bring the men together, despite discouraging set-backs.

In the case of the Central Vermont, the same settlement applies, with the exception that the standardization to be applied on January 1, 1912, is to be that of the Rutland railway, a road in the same territory, and not that of the Canadian Pacific, which will only apply to the Grand Trunk system.

President Garrettson, of the conductors, and President Lee, of the trainmen, say they are satisfied with the terms of the settlement. They left tonight for St. Louis.

FLIES HIGH IN MONOPLANE.

Blackpool, Eng., Aug. 3.—Chavez, the French aviator, flying today for the world's record for altitude in a Bleriot monoplane at the Blackpool aviation week attained a height given officially at 6,405 feet, 125 feet over a mile. He failed to reach the elevation attained by Walter Brookins, the American aviator of 6,175 feet in a flight at Atlantic City, July 9, 1910. Chavez's record constitutes a world's record for monoplanes.

TO LAUNCH LABOR PARTY.

Albuquerque, N. M., Aug. 3.—A union labor party will be launched in New Mexico tonight similar to that recently formed in Arizona. The movement, in common with that of the Arizona organization has for its object active participation in political affairs of laboring men as a party and to secure provisions favorable to labor in the state constitution which is to leaders will meet here tonight to draw up a platform.

REV. E. A. CAMPBELL DEAD.

Indianapolis, Ind., Aug. 3.—The Rev. Edward A. Campbell, chaplain of George H. Thomas post, G. A. R., a retired minister of the Methodist Episcopal church, died here today after an illness of ten weeks. Rev. Mr. Campbell was born in Rising Sun, Ind., and began preaching in 1872. He served in the civil war as a private in the 146th Indiana regiment.

ROBBERS FAIL TO CRACK SAFE.

Terre Haute, Ind., Aug. 3.—Some time early this morning robbers attempted to blow open the safe in the station of the Evansville & Indianapolis railroad at Washington, Ind., by pouring nitroglycerine into the cracks of the outer door. The explosion, which tore the outer door from its hinges but left the inner door undamaged, awoke many residents, but before the police could reach the scene the robbers had escaped.

BRITISH PARLIMENT ADJOURNS UNTIL NOVEMBER

Meanwhile Efforts Will be Made to Compromise All Differences.

London, Aug. 3.—Parliament adjourned today until Nov. 15. During the recess the conferences between the leaders trying to settle the constitutional differences of the house of lords and the house of commons will be continued and the expectation is entertained that a compromise may be reached and possibly announced upon the reassembling of parliament November 15.

Several of the points in dispute have been adjusted, and Premier Asquith in a statement to the commons July 29 reported that discussions had, so advanced during twelve meetings as to render it the opinion of all of the conferees, not only desirable but necessary that they should continue.

Budget of First Importance.

The most important work of the new parliament, whose sittings were interrupted for a time by the death of King Edward, has been the adoption of Chancellor Lloyd George's contested budget, the struggle over which during the preceding parliament brought the long-standing controversy between the commons and the lords to a head and caused the dissolution of parliament and new elections.

Premier Asquith's cabinet having been sustained at the elections, though the government's majority was so greatly reduced as to make them dependent upon the support of the Irish members, the budget was adopted without further discussion and under the influence of the king's death both parties were inclined to seek a friendly adjustment of the dispute over the lords' power of veto rather than precipitate new elections while the nation was still mourning its monarch's death.

More Friendliness Shown.

Friendlier feelings of the parties also were noticeable in the discussion of the bill modifying the king's accession declaration, the old-time phrases against the Roman Catholic doctrine, inherited from an age of religious bigotry, being eliminated and the declaration being made acceptable to all the king's subjects, non-conformists as well as Roman Catholics.

The woman suffrage bill, which, after preliminary discussion was buried in committee of the whole, and contested measures were deferred until the autumn meeting of parliament.

TEN THOUSAND LOCKED OUT.

Enschede, Holland, Aug. 3.—A dispute over wages between the mill owners and employes of the cotton mills which form the chief industry of Enschede, resulted today in a complete lockout at the mills. About ten thousand operatives are locked out.

C. E. Griffith, clerk at the Boston dry goods store, has gone to Rome City for a two weeks outing.

NEW BRIDGES WILL BE ASKED FOR BY BOARD

Old One at New Haven to be Replaced—News of the Courts.

Two new bridges, one of which is designed to replace the old one over the Maumee river at New Haven and the other to span Cedar Creek in Perry township, are included in the estimates that are being made by the board of county commissioners to submit to the county council when that body takes up the appropriations for next year.

For the New Haven bridge $17,000 will be asked and for the other $7,500. The other bridge items will probably be smaller than those of a year ago and the appropriations, as they are now being figured, will not be in excess of those of 1909.

Case is Dismissed.

The divorce suit filed Saturday by Etta Grace Wartenbee against William E. Wartenbee has been dismissed. They have several children and a reconciliation was effected.

Fuhrman Takes Appeal.

William Fuhrman, arrested by game wardens ten days ago for having fish nets in his possession, pleaded not guilty to the charge in the court of Justice Grabner yesterday and was fined $5 and costs—a total of $35. He appealed the case to the circuit court.

BOUGHT WOMAN'S EXCHANGE.

Miss Anderson Takes Charge of Business of Women's Interests.

The Woman's Exchange, where homemade baking and various articles made at home by women are bought and sold, has been sold by its owner, Mrs. Lillian Underhill, to Miss Ella Anderson. There will be no change in the location of the store and Miss Anderson, who is familiar with the work and knows the consigners will continue the business at its present location, in the Anderson Tea store, West Berry street. Mrs. Underhill purchased the exchange a little over a year ago and has made it a progressive and a successful business chance for women to consign articles of homemade baking or fancy work of first-class merit.

NEXT WEDNESDAY IS DATE.

River Beautificaton Mass Meeting at Swinney Park.

Next Wednesday evening, August 10, has been selected as the date for the mass meeting to be held at Swinney park to discuss the proposed river beautification movement. The Electro-Technic band will furnish music, and the speakers will include E. G. Hoffman, C. E. Worden and R. B. Hanna.

PUNCH'S CARTOONIST DIES.

London, Aug. 3.—Linley Sambourne, chief cartoonist of Punch, died today after a long illness. Mr. Sambourne, whose signature to the leading cartoons has been a prominent feature of Punch for the last decade, commenced his connection with England's standard humorous weekly in 1867. He was made chief cartoonist Jan. 1, 1901. He was born in London in 1845 and in addition to his work for Punch he had illustrated a number of books.

Howard Metzner, son of Jasper Metzner, of the Eagle laundry, left today for Florida to look after some land which [illegible] father has in that state.

T. P. Stack, manager at Wolf & Dessauer's, has gone to Cedar Point, O., for a few days.

Henry Greven, of Madison street, returned today from Indianapolis, where he has been taking treatment for cancer of the throat. His condition has not been bettered any.

The managers ...relieved by Mr. Bal-linger's voluntary retirement from the cabinet in such good season as precludes the making of him into a political issue. Indeed, so desirable is it that he get out that Senator Crane has gone west to bring about that precise event if it can be brought. The president isn't "moving a finger" and Mr. Ballinger has declared repeatedly, with increase of emphasis, that he will not get out. A day or two ago he announced that he and Taft were "doing everything in their power to make the administration a success." There's a Titanic and patriotic job he will be loth to jump. The only picture we can conjure of Winthrop Murray Crane is of that great military man, who marched up hill and turned around and marched right down again, or something of that purport. Mr. Taft has put Mr. Ballinger on ground where he may, if he likes, resolutely and loyally refuse to desert his great chieftain in this season of darkness and peril. Add to that the fact that Mr. Ballinger likes his job, the other fact that he is under fire and the further fact that some of his policies are not fully in effect and you have Mr. Ballinger in your mind's eye every two weeks at the pay window for an indefinite period.

It appears that Mr. Porter Charlton, who horribly butchered his wife at Lake Como, in Italy, is not wanted by the Italian authorities and the authorities in this country haven't a thing on him. Mr. Porter Charlton is therefore going to walk forth a free man unless somebody with righteous purpose starts an inquiry into the bloody handed young gentleman's state of mind. It was indicated at a time when there was prospect Italy would demand his person that an insanity defense was being cooked up for him. Perhaps society can properly avail itself of those preparations for possible contingencies. At all events Mr. Porter Charlton, who confesses he mauled his wife to death and packed her in a trunk before she ceased to breath and sunk her in Lake Como, ought not to be at large a great deal, if any.

Grand Trunk strike off and men gain large part of what they asked for. Couldn't have got the railroad management off its perch a fortnight ago to save the earth from perdition or the people who do business with the system from cost and inconvenience of a tie-up. However, peace is not a thing to be denied welcome because it has had a hard time coming across.

Suppose the mine operators will relieve Wall street by doing a relay hating Roosevelt. He is investigating conditions first hand in that part of Pennsylvania which was set apart from the universe for the special stewardship of George Baer and his associates.

Mr. Taft would not so much as "turn his little finger to get Ballinger out of the cabinet." That's official, too. But he is cheerfully letting W. Murray Crane go to it ready to turn a pair of brawny arms, if needful.

It is no very long jump to the conclusion that Uncle Joe will henceforth try to be a better picker when looking for places to butt in.

NIPS PLOT TO KILL GOMEZ.

Venezuela Discovers Conspiracy to Slay Republic's Head.

Willemstad, Curacao, Aug. 3.—Rumors are in circulation in Venezuela that the government has discovered that there was a plot to kill Vicente Gomez, the president of the republic, and the governor of Caracas, on July 26. Arrests and flights from Venezuela of prominent Venezuelans give some credibility to the rumors. President Gomez imprisoned Gen. Zallo Vidal, "El Caribe," president of the state of Bermudez, for a long time an exile in New York. Gen. Tello Mendoza has continued his flight to New York, sailing from here July 31 aboard the steamship Caracas. He made his escape from Venezuela in a sailing sloop. Another arrival is Benj. Ruiz, Colombian general, who was expelled from Venezuela.

A. M. SCHMIDT IN OREGON.

Former City Controller Represents a Manufacturing Company.

August M. Schmidt, former city controller and democratic nominee for mayor at the last city election, is now in Oregon, where he is representing a German manufacturing concern which is placing a belting compound upon the market. Mr. Schmidt has taken the state of Oregon as his territory, and writes friends from Portland that he is much delighted with the country. Mr. Schmidt will not remove his family to the west for the present at least. Oscar Foellinger, formerly of this city, is connected with the same company.

CANADIAN PREMIER'S TOUR OF HIS COUNTRY'S GREAT WEST.

THE ARRIVAL OF SIR WILFRID LAURIER AT ST. ANNE DES CHENES MANITOBA
THE PROCESSION LED BY AN ESCORT OF FRENCH-CANADIANS AND METIS CARRYING TRICOLORS AND SACRED HEART FLAGS CROSSING THE PRAIRIE FROM THE RAILWAY STATION TO THE VILLAGE
SIR WILFRID LAURIER
SIR WILFRID ADDRESSING THE GATHERING IN THE GARDEN OF THE MAYOR OF ST. ANNE
F. F. PARDEE M.P.

Regina, Sask., Aug. 3.—Sir Wilfrid Laurier, prime minister of Canada, is "swinging around the circle" through the last Great West, the land of superlatives. He is discovering the prairie provinces, for it is since his last transcontinental journey in 894 that they have become the most remarkable wheat producing area in the world, the source of the wealth that has attracted population and given the Dominion commercial self-confidence.

Sir Wilfrid's personality, his special train and the clever cabinet ministers and parliamentarians in his party are dividing public interest with the state of the crops and the ever booming price of real estate. That is an accomplishment, for the Canadian west is intent on its own affairs of commercial self-interest, as the newspaper correspondents with the premier's party found out in a strange manner. Upon arriving at Yorkton they learned that a party of Doukhobours had burned their clothing and money and in "the altogether," men and women, had started across country to meet Christ. Instead they met the northwest mounted police, under Major Jarvis, the inspector at Yorkton, who sent three or four to the asylum at Brandon, Manitoba and others to jail.

Sir Wilfrid is accompanied by F. F. Pardee, M. P.

SOME OPTION LISTS ON FILE WITH FARRELL.

(Continued From Page Eight.)

St. Louis Americans and his name is in the list.

Bert Humphries, who went to Scranton from Pittsburg after he had been bought by the Pirates, will be recalled and so will Burns, the outfielder with Wheeling. He belongs to the Cincinnati club. The name of Wingo Anderson is included. He was loaned to Dayton by Cincinnati but failed to report and was suspended.

IN THE LIMELIGHT

Tanahill got two of the four hits allowed by Morgan and Plank to the White Sox. Scott and Lange were both routed by the Athletics and Olmstead finished the game, which went to Philadelphia.

Stovall and Knight both got two base hits for New York that helped to beat Cleveland. Fanwell was wild and was taken out of the box and then Mitchell hooked up with Hughes in a pitching battle.

Griggs, who knocked a couple of home runs in an exhibition game here with St. Louis, put Groom, of the Washington pitching staff, out of the game with a line drive. Lilliveit was spiked and the Browns took the victory.

Pitcher Karger checked a rally at Detroit that threatened to win from the Boston Red Sox. Eddie Summers was knocked out of the box and Willett finished the game.

Jack Rowan held the Boston Nationals to six hits and one run. Cecil Ferguson was sent to the relief of Brown and was hit three times in four innings.

Moore worked so effectively against Pittsburg that not a Pirate got past second base after the second inning. White was retired in favor of Mercer after hits had been bunched off him in two innings.

Barger gave St. Louis four runs in the first inning of the second game against Brooklyn then steadied down and his team won out for him. Bell outpitched Lush in the first game.

After Overall had allowed the Giants to score four runs in the first inning Kroh was substituted for the Cubs and pitched such good ball that he held the opposition safe. Mathewson was in the box for the Giants but was hit hard and lost his game.

Casey Hagerman was hit eleven times by Omaha but Denver worked well behind him and won by driving one pitcher from the box in the first inning.

Hunter's double with two men on won the game for Kansas City from Toledo.

Halla and Osborne were beaten up by Minneapolis and Louisville lost 12 to 1.

Ryan gave Indianapolis seven scattered hits and won his game from St. Paul.

GEERS RETURNS TO SULKY.

Veteran Sends the Harvester Two Fast Miles at Detroit.

Detroit, Aug. 3.—Two new speed records and some excellent sport marked the second day of the Grand Circuit racing at the state fair grounds. Driving for the first time since his injury at Grand Rapids two weeks ago, Ed F. Geers, "the silent man," celebrated his return to the sulky by sending The Harvester the two fastest miles ever trotted by a stallion, each mile being negotiated in 2:04¼.

This time also is the best ever made by a 5-year-old stallion. Cresceus held the former two-heat record for stallions and Bob Douglas, who twice finished second to The Harvester today, held the 5-year-old stallion record of 2:06¼.

Geers also drove The Abbe to victory in the Chamber of Commerce $5,000 stake, winning three straight heats after being beaten at the wire by Evelyn W. in the first heat. In the 2:07 trot, which developed the new champion, The Harvester won the two heats practically as he pleased. At no time was he extended to the limit.

Country Jay, by reason of his recent record-breaking performance, was popular with the crowd, but the best he could get in the fast going was a division of third and fourth places with Spanish Queen. Bob Douglas was the only near contender in the race and The Harvester left him behind in both heats when approaching the wire.

The order to reduce the force in the Pittsburg, Fort Wayne and Chicago railroad shops went into effect Saturday. Forty men were dismissed from the car shops and four were discharged from the boiler shop. About ten men were given their papers from the track and yard force and altogether about fifty men are out of employment.

Yesterday afternoon at Wines' dam, east of the city, Rev. Stewart, of the United Brethren church, administered the rite of baptism by immersion to four converts in the presence of about 250 persons who came walking, from every direction. The minister, members of the church and those who were baptized rode to the river in Stapleford's herdic coaches.

William Kaough assumed the position of postmaster of Fort Wayne on Saturday, having been installed by L. A. Kirkwood, of Muncie, and D. H. Fulsifer, of Chicago, two government inspectors who came here to superintend the transfer. Fred Drake will remain at the delivery box and Mrs. Susan Hoffman will continue in the money order department permanently. Mrs. Hoffman comes from a staunch democratic family and as Ras Chittenden would say, the oldest inhabitant has forgotten Fred Drake's politics.

INTO HIS OWN RESIDENCE.

Pastor C. O. Shirey Will Move in September.

Rev. C. O. Shirey, the pastor of the Bethany Presbyterian church, who is building a new residence on Illinois street, in Nebraska, expects to move his family into it some time during the early part of September, when they return from Winona, where they have been since June. This new residence is a beautiful and comfortable one and not far from the Bethany church.

During the time of its building Rev. Mr. Shirey has been at his wife's mother's home on Elm stret, Mrs. Walters. This week, however, he is spending at Winona. He returns Saturday to preach Sunday. The Monday following he goes to Winona, where he will spend his vacation. He will be there over two Sundays, during which time there will be no Sunday public worship at Bethany church except a Christian Endeavor rally on Sunday evening, August 15.

BUTCHER WEYLER WARNS POPULACE

GENERAL WEYLER
FROM THE EXSTANDER

Catalonia, Spain, Aug. 3.—All danger of serious disturbances in Catalonia appears to have been warded off by Captain General Weyler's energetic precautionary measures and his well known decision of character.

"The moment a revolutionary outbreak in Barcelona compels me as captain general to assume the supreme command I want the revolutionists to know they must prepare for a merciless fight. There will be neither prisoners nor wounded. The walls of the hospitals will become useless and the cemeteries will have to be enlarged."

General Weyler is credited with making this statement. At the same time he assured the strikers and workingmen that they would have nothing to fear while remaining orderly in their disputes with their employers.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

S. J. Briggs & Co., of Providence, R. I., say: "We have sold Fletcher's Castoria in our three stores for the past twenty years and consider it one of the best preparations on the market."

E. W. Stucky, of Indianapolis, Ind., says: "To say that we have recommended and sold your Castoria for years is the best endorsement we can possibly give any preparation. It is surely full of merit and worthy of recommendation."

Henry R. Gray, of Montreal, Que., says: "I would say that your Castoria for children is in large demand and that it gives general satisfaction. Not being a secret nostrum many medical men order it when circumstances indicate the use of such a preparation."

W. G. Marshall, of Cleveland, Ohio, says: "We have found your Castoria to be not only one of the best sellers in the medicine market, but a preparation that gives almost universal satisfaction; in fact we cannot recall having had a single complaint from any of our customers who have used it."

Owens & Minor Drug Co., of Richmond, Va., says: "It is with pleasure that we lend our endorsement to Castoria, a preparation of proven merit. During our long experience in the drug business we have had abundant occasion to note the popularity of the genuine Fletcher's Castoria, which we unhesitatingly recommend."

Brannen & Anthony of Atlanta, Ga., say: "No doubt if we were called upon to state positively what medicine we had sold for the greatest length of time, the greatest number of bottles sold, and the most satisfactory preparation to us and also to the customer, we feel that we could safely and conscientiously say Fletcher's Castoria."

Mr. and Mrs. James Cahill, of East Wayne street, entertained last evening in honor of Miss Marie Cahill and Jack Lauer, who are to be a bride and groom of the month. The guests were relatives and the young people who are to be members of the bridal party at the wedding. Cards and music were enjoyed and an elegant supper afterwards. The house was prettily decorated with garden flowers and ferns, and in the dining-room the arrangements on every side spoke of the prenuptial character of the evening. Streamers of green and white ribbons and a white wedding bell over the center of the table added to the beauty of the room, and a white frosted cake that was decorated in smilax told plainly its purpose. The guests included the coming bridegroom's parents, Mr. and Mrs. Gregory Lauer, Mrs. Catherine Cahill, Misses Anna Lauer, Margaret Cahill, Mary Reinhart, and Messrs. John Reinhart, Edward Cahill, Pat Cahill, George Hilker, Nicholas Allgeier, John Tremple. Miss Lauer and Mr. Allgeier won the prizes at cards and presented them to Miss Cahill and Mr. Lauer.

Mr. and Mrs. William Breuer were the honor guests last evening at an informal company for which Mr. and Mrs. Herman Mackwitz were the host and hostess. Mr. and Mrs. Breuer are to leave within a few days for a visit with relatives in Germany and the gathering was in honor of their departure and the appointments suggestive of an ocean trip. The supper table was decorated with a miniature sea and steamship with a tiny silk flag waving from the mast and at the plates for the honor guests were favors with verses in rhyme appropriate for the occasion. Smilax and sweet alyssum formed a pretty floral decoration. Music was the principal part of the entertainment.

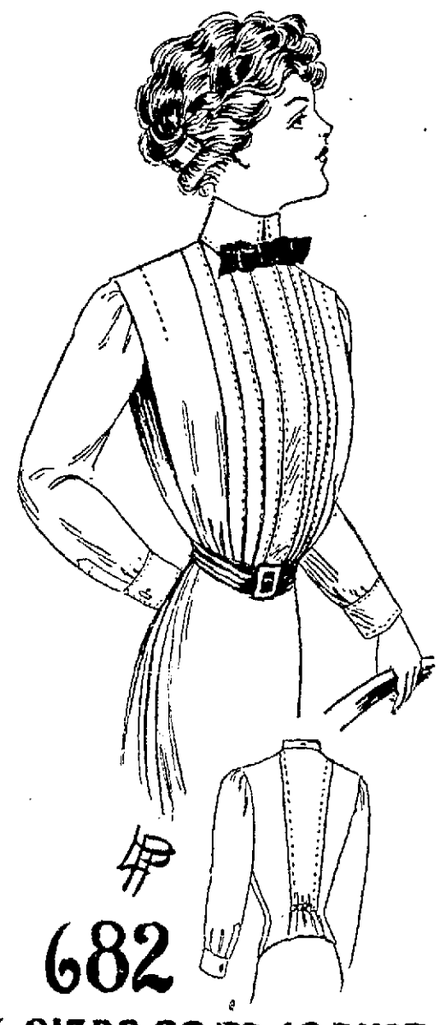
EFFECTIVE WAIST FOR SUMMER

By MRS. JANE FORD.



682

6 SIZES 32 TO 42 BUST

A very pretty model that may be developed from some of the lovely white goods that shops are showing is pictured. The long, straight lines, carried out by the tucks, make it desirable for stout as well as slender figures. Those who wish to copy it can get the pattern in six sizes, from thirty-two to forty-two inches bust measure. The average sized woman would require three and one-quarter yards of goods twenty-seven inches wide, or two and seven-eighths yards thirty-six inches wide.

There is a great variety of materials suitable for this design, and among them are foulard, dotted, figured and plain; soft silk, pongee, cotton voile, crepe de chine, handkerchief linen, madras, batiste, marquisette, silk poplin, gingham and cross-barred lawn. It is not at all necessary to limit one's self to plain and figured goods in making this waist, for stripes and plaids will be equally effective, and will be worn the coming autumn.

When planning separate waists, those of the tub variety should be given first consideration, and a goodly number included in the wardrobe. However, waists of pongee and silk are well liked for wear with skirts of serge, and broadcloth, and the most approved models are those cut on strictly tailored lines. A feminine touch is often given them by the use of a little feather-stitching or French knots, arranged to outline the tucks. Lace stocks are not prohibited, and when worn in connection with a soft jabot add much to the good appearance of the waist. Knife pleated frills, either of the material or of net, arranged to outline the closing, are exceedingly pretty. When net is employed, it may be of a matching or contrasting color, but should be edged with a quarter inch wide facing of the material.

Small bows of Irish crochet lace make a pretty finish at the front of the collar, and are held in place by long bar pins.

"Teeth ought to be treated as gently as a fine porcelain, and should be given sound food to masticate. They need 'training' as much as muscles. Oatmeal every morning is excellent for them, and children should be given bones to gnaw at intervals, for the same reason that puppies need them. It's all nonsense not letting a child have a chop bone at table. She can be taught to chew it so the sight is not unpleasant.

"It's injurious that women should use their teeth for any other purpose than eating. For instance, I saw a woman proudly crack a nut with her teeth the other day, declaring that her 'teeth were strong.' Now, no teeth are strong enough to do this, for the enamel cracks easily.

"Care should be taken in the selection of cleansing powders and washes. Some of the liquids, not all, mind you, are too strong to use oftener than once a week. Powders without gritty substances should be selected. Cuttle fish, for example, used occasionally, once a week, perhaps, is excellent, but to apply every day it may wear the enamel. Pumice stone, so efficacious when a dentist cleanses with it, should be left for professionals to put on, for it can damage enamel by scraping if an amateur uses it. When a woman's teeth need more scouring than she can give with ordinary powder and a brush she ought to go to a dentist.

"Prevention is the mode of treatment to follow in preserving teeth. For example, every spring and fall the mouth should be carefully inspected by a dentist and any repairs required should be made at once. This method saves money and teeth. You are having a much longer siege with me now, because you haven't had your teeth treated for more than a year. It isn't economy and you'll have to pay me another visit next week."

SEATS SELLING FOR OPENER.

The demand for seats at the Majestic for the opening performance of the season, which will be three presentations of "Her Son," is unexpectedly large. The performance begins Friday evening and there will be matinee and evening performances on Saturday.

AIRDOME PACKED LAST NIGHT.

Friends of Miss Dunbar and Frank Jones find the two favorite stock company people most amusing and entertaining in their sketch, 'A Pair of Lunatics," at the Airdome this week. Packed houses testify to the popularity of the actors and laughter and applause speak for the enjoyment of the audiences. Malatesta and Pixley have a singing, talking and dancing sketch that is unusually good and it is easy to understand why they made hits at Indianapolis all of last week. Both performers have good voices and Pixley's character comedy takes well. They also have new jokes and songs.

MRS. LIONEL MARKS

Mrs. Lionel Marks, of Cambridge, Mass., a photograph of whom is shown above, is the author of "The Piper," the play which was awarded the prize of $1,000 offered by Otto Stuart, of London. Three hundred plays were examined in the competition. Mrs. Marks' play is founded on Browning's poem, "The Pied Piper of Hamelin." It was produced at Stratford-on-Avon recently by Mr. Benson's company, Mr. Benson and Miss Ellen Terry taking the principal parts.

Mrs. Marks, who was Miss Josephine Preston Peabody, lives at No. 88 Lakeview avenue, Cambridge. She is a dainty figure with brown hair and eyes that are expressive of her imaginative powers. She comes of old Boston and Salem families. She was born in New York state, but the family came to Massachusetts when she was very young. She was graduated from the Girls' Latin school and took special courses at Radcliffe, later becoming an instructor and lecturer at Wellesley college in English literature. She was fourteen years old when her first poem was accepted by a New York editor.

Use of Tooth Picks Often Injures Teeth

Fillings Loosened by Constant Prying at Them to Clean Between Teeth.

"A toothpick is one of the greatest enemies to sound teeth," declared a dentist, as he began to prepare gold for a filling, "and if I could I would stop the manufacture of them, for more fillings are loosened by their use than in any other way.

"You see, toothpicks applied to the teeth invariably dig and prod against fillings until the edges are either broken or unsettled.

"Now, a loosened filling can cause much trouble, because a person is unlikely to be aware of the leak. Yet saliva makes its way into the cavity, or behind the filling and, being kept there with no outlet, decay is rapid and only makes itself known by a toothache or an ugly discoloration about the filling.

CUMMINS DEFENDS THE INSURGENTS

Iowa Senator Declares Betrayal of Pledges by His Party.

STANDPATS AND MONOPOLY ONE

Leader of Progressives Delivers a Convention Keynote.

Des Moines, Iowa, Aug. 3.—In his speech to the Iowa republican state convention today United States Senator A. B. Cummins, as temporary chairman, delivered a notable defense of republican insurgency. The speech was an exhaustive review of the proceedings of the last session of congress and the legislative results.

Senator Cummins' Speech.

Senator Cummins spoke in part as follows:

Gentlemen of the convention: Harmony is like the poet, it is born, not made. If it is amongst us we will speedily hear its sweet sounds; but if it is not here, the effort to create it with deceitful protestations and false phrases will end in miserable failure. There is more discord in the suppression of honest conviction than in the open, candid expression of opposing views.

This is not an age of plain living, but it is an age of plain speaking and therefore, "With malice toward none, and charity for all" I speak to you according to the truth as I see it, and according to my duty as I understand it.

This convention, although composed wholly of republicans, is the outcome of a political struggle carried on with exceeding earnestness in every county of the state. There may be a few delegates who are here by accident, but substantially all of you are here by design. A conscious purpose is behind you and a clear obligation is before you.

Will Be Progressive.

I do not pretend to be able to look far through the mists and uncertainties of the future and mark with precision the path in which the party will walk; but remembering that it came into existence as a protest against the inaction of the whigs and the mediaeval tendencies of the democrats, and remembering, too, that for more than a half century it has been the progressive party of the union, I cannot permit myself to doubt that the party of Lincoln, of Grant, of Blaine, of Garfield, of McKinley and of Roosevelt will rise triumphantly above the clouds of its civil war and be in the future, as it has been in the past, the best hope of mankind, the progressive party, not only of the nation, but of the world.

Protection.

With these preliminary observations I proceed to the consideration of the definite principles which touch our party faith and which make up our party history. The policy of taxing imports, not only for revenue, but for protection to domestic producers, established in the very beginning of Alexander Hamilton, adopted by the whigs and inherited by the republican party, has beyond dispute helped to make the United States the mightiest nation in the world.

There is not a republican anywhere who does not yield to the protective system unreserved and unwavering allegiance. Aldrich, Lodge, Hale, Cannon, Payne and Dalzell may be its sincere and earnest advocates, but in zeal for its perpetuation, and in the eloquence of its defense they cannot surpass Nelson, Clapp, Beveridge, LaFollette, Dolliver and Bristow.

There has been no controversy, and there can be none, between republicans as to the soundness or value of this doctrine. The divergence appears when we come to apply it to international trade, and to a consideration of that divergence I now ask your fairminded and dispassionate attention.

So long as there was full and free competition in our own country it mattered little how excessive the duties were, because the rivalry among domestic producers could be depended upon to bring prices to a fair American level. We did not, therefore, seriously concern ourselves about a scientific adjustment of the tariff. Our manufacturers were protected against competition from abroad, and our consumers were protected by the natural laws of business at home. If the duties were higher than they should have been, and undoubtedly they were in many instances, there was no complaint for no injury resulted to the great body of the people who bought and used dutiable commodities.

Development of Monopoly.

As time passed on, however, there appeared a new factor in the industrial and commercial life of the United States, and the era of consolidation and monopoly began. With a rapidity that even now it is hard to comprehend, business of all kinds rushed into close union, and scattered capital was drawn into the strong embrace of trusts and consolidations.

Safe from the competition of other countries, it became the chief object of our manufacturers to destroy competition in their own country. They accomplished their purpose so effectually that years ago in nearly every important field of production prices ceased to be the result of the time-honored laws of trade, and the power of determining profits fell into the hands either of a monopoly or an acknowledged master in protected industry.

Then came a demand for a revision of the tariff. It originated in the necessities of the people, and was founded upon the fundamental instinct for justice. Deprived of the safeguards which competition at home had furnished them, the people knew, without reasoning upon it, that they had a right to an intelligent readjustment of the tariff. They felt the duties should be so modified that the continued insistence upon unfair prices would expose our manufacturers to the correction of foreign competition.

In this demand there was no disloyalty to the doctrine of protection, although for a short period the beneficiaries of excessive duties succeeded in confusing the issue.

Standpatism Means Monopoly.

It was then that the standpatter adopted the name which he now bears, and his campaign cry was "Let well enough alone." The movement, however, was irresistible and the republican national convention of 1908 responding, not only with unanimity but with enthusiasm to the progressive sentiment of the rank and the file of the party, not only pledged the incoming congress to a revision of the tariff, but defined the doctrine of protection with a care and precision unknown to any former platform. It solemnly prescribed a rule with which to measure import duties, to the end that both producer and consumer, both capital and labor, might share in our prosperity.

Upon this pledge, definition, and rule, we appealed to the country for the election of a republican president and a republican congress. The country, believing profoundly in maintaining our own industries, and reposing implicit faith in the promise that export duties would, in the revision to take place, be measured by the difference between the cost of production at home and abroad, elected a republican president and a republican congress.

In redemption of the pledge so made, the president convened the new congress in special session, and it did revise the tariff.

Some republicans, having done all they could to make the bill what it should have been, finally voted for it, and I have no word of censure for them, for they did what they believed to be their duty. Some of us voted against the bill, and we make no apology for our votes.

Open Repudiation of Pledges.

If there had been an honest attempt to fix duties according to the cost of production I might have yielded my view on the question of fact; but there was no such attempt, and I, for one, refused to follow, and would refuse again to follow Aldrich, Hale, Lodge, Cannon, Payne and Dalzell into a sneering, contemptuous, open repudiation of my party platform.

It is not a republican measure, although passed by republican votes, for the men who are chiefly responsible for it thought more of swelling the overgrown fortunes of their intimate friends than they thought of the party principles, the party pledge, or the welfare of a long suffering people.

It is said that the law has been successful from a revenue standpoint. This is quite true; but it must be remembered that it is very easy to enlarge the receipts at the custom houses. The democrats could have done that with their condemned and obsolete theory of a tariff for revenue only.

It is said that it has stimulated business. It may be that it has, for the prize of enormous profits is exceedingly tempting.

It is claimed that the average tax upon dutiable imports is something like one per centum less than under the Dingley act. This may or may not be so, for I have learned to doubt the accuracy of tariff statements, but granting the truth of the statement, what a superb showing it is.

We have revised the tariff in response to an overpowering republican sentiment, and have succeeded in taking off about one-forty-second of the average imposition upon dutiable goods.

Wipe Out the Blot.

The logical, sensible thing to do is to correct our mistake—none but republicans can correct it—and under the impulse of the sentiment, growing now by leaps and bounds everywhere, they will correct it and leave the republican name and republican pledge without a stain in all its wonderful history.

I am profoundly of the opinion that in the body of the party there is but little conflict of opinion. At heart the rank and file of the party are of one mind, and when the clouds of prejudice, misunderstanding and misinformation lift there will be a better and truer vision of impending issues and important questions.

On both sides those who speak and act for the party will be judged in the final tribunal of the people; from that judgment there is no appeal and to it we must all yield implicit obedience.

THE SQUARE DEAL.

The republican party was not born to make men rich, it was born to make men free. It cannot survive upon the feasts of millionaires, it must live at the plain table of common men. Riches are not to be despised; but wealth should be the incident of a justly ordered society and not the chief object of government.

Full employment for everybody, fair distribution to everybody, protection for the weak and a check upon the strong—these ought to be the watchwords of the party. The "square deal" is now, as always, the noblest expression of governmental purposes.

Wealth is fighting hard for an undue share of the profits of labor. Great wealth, combined wealth, corporate wealth, is pressing small wealth and individual wealth to the wall with weapons that modern industrialism should no more tolerate than modern warfare tolerates poisoned bullets. The nation was founded upon the assumption that in full, free and fair competition each man would receive his just dues. Collectivism has made some inroads upon its rival theory in our public utilities; but as yet we have not courted socialism in general production. It must be manifest, however, that there is no middle ground between competition and co-operation, and equally clear that those who either actively or passively aid the forces of monopoly or combination are the real apostles of socialism, for it is not to be doubted that if we must choose between a monopoly or dominating combination of selfish individual or corporate interests and the monopoly of the government we are as sure to adopt the latter as are the seasons to come and go.

Concervation and Roosevelt.

Wise and practical conservation is a duty from which we must not shrink, and the republican party stands charged with the administration of this vital policy.

In the abstract Theodore Roosevelt was not the first apostle of the policy, but to him must be accorded the everlasting honor of planting it in the American mind, of making us all understand its tremendous importance and of crystallizing it into the forms and practices of government.

It is impossible for me at this time to discuss the details of the work to be done. It is sufficient to say that an overwhelming proportion of the men and women of the country believe in the policy as expounded by Roosevelt, and as applied by his administration, and they will insist that it shall be carried on by men in full and complete sympathy with his patriotic views.

All Want Justice.

One hundred millions of men and women want justice—no more, no less. They want laws so made that each member of society shall have its own, and not a farthing that belongs to his neighbor. Those millions must feel that justice is done, in so far as frail human nature can render justice, or they will overturn our institutions. There is no one thing that will do more toward filling the land with peace and content than to enlarge the authority and increase the responsibility of the individual man.

Iowa holds a high place in the union and in the world. Her history is one of honor and of progress. Dowered with the priceless gifts of nature she extorts the admiration of her sister states throughout the union. The intelligence and virtue of her men and women confer upon her a distinction enviable as it is deserving. Let her future be as true as her past is secure.

URGES PEACE IN MINES.

Greensburg, Pa., Aug. 3.—Francis Feehan, president of District No. 5, United Mine Workers of America, is here today conferring with strike leaders, and it is reported is counseling strikers to seek peace terms. Coal operators in the strike district say they are operating their mines on full time and are producing usual tonnage. The strikers say however, the output has been curtailed nearly fifty per cent.

BLOW AT PICTURE SHOWS.

Berlin, Aug. 3.—The president of the police has forbidden under severe penalties the admission of children under fourteen, with or without parents to moving picture shows after 9 o'clock in the evening. The step is taken owing to the increased use of pictures, mimicking crime and immorality.

WOODEN STEAMER IS RAMMED.

Steel Boat Gores Ancient Craft But No Lives Are Lost.

Seattle, Wash., Aug. 3.—The steel steamer Chippewa rammed the old wooden steamer Albion off Westpoint, north of the entrance to Seattle harbor, early today. The Chippewa was returning to Seattle from Everett after carrying an excursion party to Vancouver, B. C., and back and had no passengers. Ten passengers bound for Everett were aboard the Albion, but as far as known none of them was injured.

The hull of the wooden vessel was pierced by the bow of the heavier steamer and the two were wedged tightly together. The passengers on the Albion, which will likely be a total loss, were transferred to the Chippewa.

SAYS JAPAN IS FRIENDLY.

Missionary Tells of Feeling Toward United States.

New York, Aug. 3.—Speaking from the standpoint of thirty years' experience in Japan and five in Korea, Rt. Rev. Herriman C. Harris, Methodist Episcopal bishop of Korea, who has just arrived in this country, said yesterday that the friendship of Japan for the United States was a striking characteristic not only of the government, but of the people.

"Japan is bound to Great Britain by the close and definite terms of an alliance, but good feeling toward America is inherent among the people—it is traditional. It has been inherent in Japan for the last fifty years."

Crisp News of What's Doing in the Sporting World

Art Queisser Has to Bat His Way Into Good Grace

Family Believes in Hitting the Ball and is Sore When He Fails to Deliver in His Games.

Art Queisser is in good standing with his family. This family consists of an attractive wife who insists that the bread-winning end of the sketch must bang the ball. No matter what brand of backstopping he uncorks in his combats he is in bad at home if he fails to clout the ball.

He can turn all the runners back half way down to second and hold up his pitcher in grand style and inject all the ginger into his work he has a mind to but the personal non grata sign is hung on him in the home circle when he fails to break into the hit column.

He is all to the good today and a slip-up or two in the next few games will be overlooked as he bingled his way into the hall of fame in the opening hitch with Aggie Grant's Evas. One bad hop materially helped him in the first when he smashed the ball to center and had the pleasure of seeing it top Jack Snyder's dome as he came in to field it. It went for two bases and scored Carl Manda from first where he landed by virtue of a base hit delivered with two down and the opposing troupe one tally in the lead.

Walter Miller pulled off one of his famous bad getaways and then buckled down to work and got through the fray with four hits chalked against him and another victory added to his long list for the season. Buck Sterzer went in with five cents worth of slippery elm bark in his face and great confidence in his saliva floater but Gentle Jeems Burke and his doughty clansmen soon batted the confidence out of his system although he hung to his wad of elm until the millinery matinee closed with Fort Wayne on the most desirable end of a six-to-one final.

Mr. Lavelle, a slender youth built exclusively on speed lines, watched four bad ones go past the plate and ambled as the opening number of the bill. When McBrair bunted to Miller he hesitated between throwing to first and second s olong that Lejuene has a sore hand and will be glad when he is relieved of duty at first.

he was forced to burn the ball through fast and the best Dal Gainer could do was to stop the mad flight of the pellet.

The runners moved up and Jack Snyder plinked a short fly to Blount who made a perfect throw to the plate in plenty of time to have caught Lavelle standing up but the ball bounded to the grand stand and the first run counted for the opposition.

Sterzer passed Blount in the first but his pards disposed of the side without letting him get further than second where Justice landed him with a sacrifice. Gainer and Burke were stowed in the second when Manda hit to middle. Queisser drove one over second and it bounded over Snyder and went for two bags.

With Young in the discard in the fourth Gainer was hit by a pitched ball and on a hit and run play Burke drove to Sterzer who barely got one hand on the ball and it escaped Hadley who had started to cover second. Manda hit and scored Gainer and Queisser doubled to right sending in two more tallies.

Redding opened the seventh with a clean drive to left and Young forced him at second. Delmer Dewaine scored on Gainer's double. One was added in the eighth on Queisser's third hit, Miller's sacrifice, an out and a wild pitch.

NOTES OF THE GAME.

Burke caught Lil Sager flat-footed with two down and beat it.

Manda had a busy day. In addition to three hits and two runs he handled seven fielding chances in good style.

Grant got out on the coaching lines to rattle Miller. He had a lot of fun but didn't accomplish anything.

McBrair, Hadley and Lavelle were all new. This talk about Hadley's resemblance to Hans Wagner is on the level.

Queisser batted in three runs and scored one.

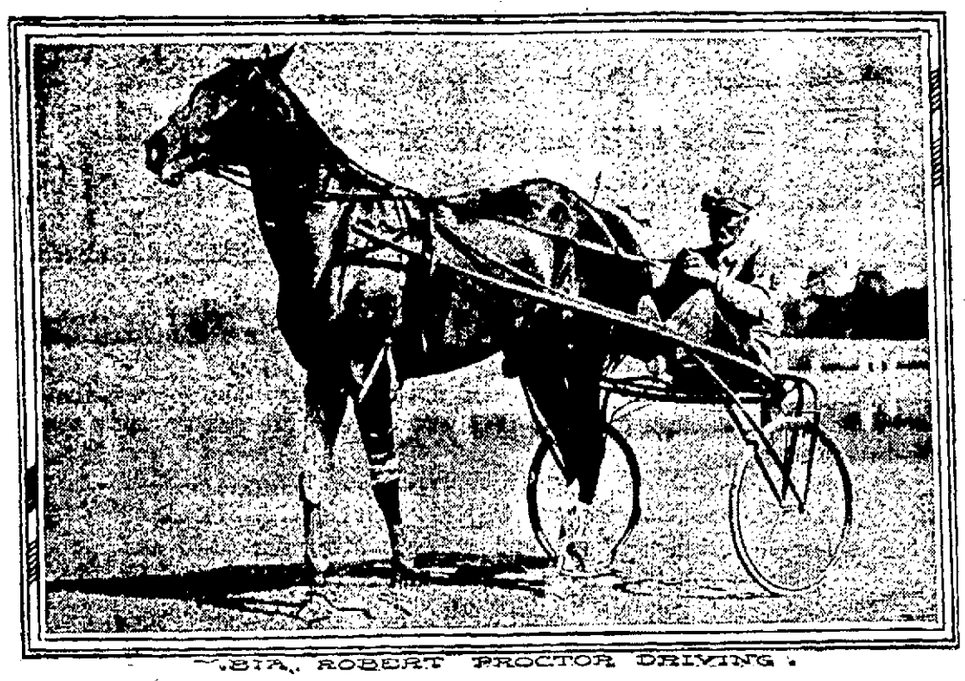
Miller got away to a bad start but when he settled down there was nothing doing.

Gainer had a good batting average. He was up twice as he was hit one trip to the plate and drew a pass.

Carl Centilvre got the glad hand when he went to the plate. He hit one of the four copped off Miller. Redding went to his last time up before he guaged Sterzer. Like all left hand batters he is not much stuck on southpaw hurlers.

Blount winged Snyder's fly to the plate in dandy style but the hard ground beat him out of an assist.

A PROMISING TROTTER OF THIS SEASON.



ALBIA, ROBERT PROCTOR DRIVING.

Albia is one of the promising young trotters that Robert Proctor is campaigning in the grand circuit this season for W. C. Brown, president of the New York Central railroad. She trotted her first race at Grand Rapids and starts this week at Detroit in the 2:16 class. The mare is a five-year-old, by Bingen, 2:06¼, out of Marion, the daughter of Arion, 2:07¼, and Nancy Hanks, 2:04. Mr. Brown, who is one of the sponsors for the grand circuit meeting to be held at the Empire track in the week beginning August 23, under the auspices of the Trotting Horse Breeders' club, has entered Albia here in the Bonner Memorial stake of $2,500 for horses of the 2:25 class.

Bert Dennis Says It's a Cinch to Steal at Third

Bert Dennis, genial secretary of the Fort Wayne club, says third base is a cinch to steal and he wonders why more players do not attempt the trick. In his diamond days Dennis was dangerous on the paths and his stolen base record entitles him to a hearing on the art.

"Why, it was much easier," said he, "for me to steal from second to third than from first to second and with a heady batter up it is not such a wonderful feat to steal home but to do this it takes a fast man on the lines with a man at the plate who can block the play without being called out for interference."

When Fort Wayne won its first pennant in the Central league in a Labor day combat at South Bend a few years ago Bert Dennis stole the run that settled the battle and he pulled off the trick with "Happy" Cecil Ferguson in the box and George Tieman behind the plate. In all his Central league career he depended solely upon his speed and good judgment on the bases and while he was never a slugger he could get runs and cover ground in the outfield and at the time he retired from the game to take up commercial life he was plenty good enough for class B company.

Getting right down to facts and figures it is a wonder that third base is not stolen oftener than it is. Of course the throw from the plate is shorter and the catcher can be more accurate but at that he has to turn to make the peg and has the batter between him and the bag as a handicap.

To offset this the runner can get a bigger lead off second than he can off first for the reason that the pitcher must turn completely around to get him and the throw from back of the plate is too long to prevent him from getting back ahead of it. Then he has the further advantage of having the throw tipped off as either second or short must cover for it and he can sprint as fast as either as a rule.

A man on third has a big advantage over one on second because he can bring the infield in for the batter, has a wild pitch, a passed ball and any sort of a fielding error in his favor to say nothing of a sacrifice fly. It has always been considered safe for a man on second with one down to stick there for a hit which is a four to one shot and the oldest heads in the business play the game that way, which is proof that it is the best way to count runs but there is logic in Dennis' contention that the bag is not as hard to steal as second and that once on the base the runner is in position to worry the battery and the infield into some sort of a foozle that will let him score.

Unfortunately the game is not blessed with many men who have ability to hit coupled with speed and brains enough to make them good base runners. Players of that sort are generally in the major leagues as experienced scouts are quick to recognize both speed and brains but it is the unexpected that wins ball games and Dennis had so much of this sort of thing stored up when he was in uniform that his theory is entitled to consideration.

CENSUS PAVES WAY FOR A CHANGE IN LEAGUE

Redistricting Plan May be Taken Up in Few Weeks.

Now that the census figures have been announced the plan of redistricting base ball territory in Ohio, Indiana, Illinois and West Virginia can be taken up and the outcome may have its bearing on the Central league.

At the meeting of the Minor Leagues' association in Memphis last winter Dr. F. R. Carson was appointed a member of a committee that was scheduled to meet this fall and take the matter up. It was postponed because the committee wanted actual figures instead of estimates to work on and if there is a chance to better the Central league circuit some change may be made.

The president is not in favor of this unless some very material benefit can be obtained. He thinks the present circuit can be made to pay if the clubs are economically managed and he has preached this since he became the head of the organization.

There is just at this time the shelf-worn talk of a new circuit and if the directors should get together right now it is likely something might be accomplished but next winter hope eternal will be working overtime in the breasts of the owners and they will settle right down to the same losing proposition they have been nursing for so many years.

If any changes are made they will come as a result of a desire to cut down the mileage, which is the one item that eats up gate receipts. Just how this can be brought about is a question. Every owner in the Central league regards his franchise as a valuable asset and when it comes right down to taking one or switching it there is a howl.

All have money invested and it does not look just exactly fair to kick any owner out so when the dust has settled and the owners get in conclave every fellow will have the best team next season, all will be in position to make money and the only hope of the Central league will probably vanish.

WHEELER USES HIS GOOD JUDGMENT ON TEAM

First Deal Was Good One for the Club—In the Central.

Eddie Wheeler has chucked "Doc" Schmick, the pitcher whom he picked to take Buck Connor's place at first base, right into the fourth notch in the batting list, evidently under the belief that his new man will hit as well as the old head he replaced and thus far he has delivered. Few managers will break up a winning combination and there was a howl from the public and wonderment and speculation in the league when the Broncho helmsman swapped Eddie Coffey for Welchone when his club was going at top speed and battling hard for the lead.

His move was a wise one and the new manager demonstrated that he knew what he was about. Now he makes another change in a team that is winning right along and puts an inexperienced first baseman in the place of one of the slugging Mr. Connors. Since the change was made he has won two games and Schmick has had a hand in the winning of both.

This all goes to show that Wheeler is a pretty heady sort of a manager and that he is a disciplinarian who knows that he must preserve harmony in the ranks and he probably had this in view when he made his last shift. With seven hits behind John Henry Myers yesterday his club won while Wheeling was hitting the veteran hurler for a dozen bingles.

If Schmick has any ability Wheeler will make a good first baseman out of a man who has failed to show better than Class B. caliber as a pitcher.

"Doctor" Cook, who held Fort Wayne safe on Monday tried to do as much for Zanesville in the opening battle with the Stags but he fell down on the job and was chased in favor of Cy Bowen. In the meantime Joe Connolly was serving a brand of dinky slants that Grand Rapids could not solve and four hits were made. He was entitled to a shut out game but errors gave the opposition a couple of runs.

The crippled Tots bit off the losers end of a couple of combats at Dayton. In the opening round Jimmy Wacker officiated as slabsman and five hits represented the Hottentot output. Derby started the game for Terre Haute but was forced to give way to Lape, an experiment. The second game was a battle in which Ed Asher was pitted against Guy Sample and the old heads put up a pitching duel that was good to look at. With the best of the support Asher pulled out a victory.

SOME OPTION LISTS ON FILE WITH FARRELL

Dal Gainer is Included and Will be Reclaimed by Detroit.

Several of the clubs in the major leagues have submitted to Secretary John H. Farrell, of the National Association of Professional Base Ball leagues, lists of the players who are in the minors on option agreement and among the names is that of Dal Gainer, first baseman of the local club who belongs to the Detroit club.

There is no mention of either Carl Manda or Delmer Dewaine Young, who belong to Cincinnati, although Manager Clark Griffith has handed in his roster and there is little doubt whether the men will be recalled. If they are not they become the property of the Fort Wayne club and if they escape draft they will be Claude Varnell's property.

This option must be exercised by August 20 and operates in this way. Detroit sold Gainer to Fort Wayne for $500. If on or before August 20 the Tiger management wants the player back the agreement to buy him must be closed. If this is not done he reverts to Fort Wayne and any of the major league or class A clubs can draft him when the season for drafting opens.

It is always a sort of a mystery where Bill Phillips picks up his players but the list shows that B. E. Shotten, the fast outfielder he secured late in the season, is the property of the

TIDBITS OF SPORTING NEWS

Schmick was released by Montgomery who is cutting down expenses at Zanesville in the hope that the club will weather the next six week of the season.

When Fort Wayne closes the season at Wheeling in September the players will barnstorm their way back home to meet the Shamrocks on the following Sunday. One game will be played in Coshocton, Robertson's home town.

Just a little more luck for South Bend. Dolly Stark was hurt during the last trip made by Dayton and is out of the game. South Bend opens there Friday. Sykes is also crippled and Archie Neuschafer is on the hospital list.

Smith, who has helped the Vets out before, is playing at second with Johnny Nee switched to short. Grogan is held in the outfield.

Wheeling papers announce that Rivington Bisland's condition has improved to such an extent that there is little danger of the amputation of the foot. He will, of course, play no base ball this season.

Clarence McDonald is getting along nicely at the Wheeling hospital where he was sent by stopping one of Doak's shoots with his head. He is out for the season.

The call of the big league has been heard by "Mickey" Corcoran, of the Buffalo club of the Eastern league. Corcoran has been purchased by the Cincinnati Reds and will be delivered at the end of the present season. He will play in the infield. His batting record for the season so far is .311. The purchase price is said to be close to $5,000.

Harry Welchonce, the outfielder who has been winning games for South Bend with his hitting, is the property of the Philadelphia Nationals and is in possession of Grand Rapids under an option to buy him back on or before August 20 for $500.

Dayton got four victories, seven defeats and one tie out of the last trip. Fort Wayne beat this record with six victories and seven defeats.

Umpire Agur hardly stayed long enough to get acquainted. He was plainly nervous which is natural but he got away with his work in fine style and if his opening game here is anything to judge by he should make good. He has been ordered to Dayton.

A story to the effect that the Wheeling franchise is to change hands has been denied by W. W. Irwin, secretary, and one of the heavy stockholders.

Young was the first man to reach the 100-hit mark in the Central league. Somebody proclaimed that Lejuene reached the mark first but when he jumped to century mark Young had 106 to his credit.

A ROW AT DOLBY'S

Wife Hears That Japan Will Bombard Our Seaports.

DEACON HAS NOT DUG A HOLE

His Indifference as to Her Fate Causes Mrs. Dolby to Furnish a Quick Death Weapon, Which She Begs Her Husband to Use.

By M. QUAD.

(Copyright, 1910, by Associated Literary Press.)

DEACON DOLBY had been down to the village to get a plug of tobacco and his mail. The latter consisted of a circular in regard to the None-Such folding bed. When he returned home the lamp was lighted and Mrs. Dolby was darning holes in the heels of his summer socks.

She never looked up nor said a word.

The deacon sat down with a grunt of contentment, pushed off his shoes with other grunts and proceeded to read that circular. He had never seen a folding bed in his life. The circular started off with saying that no home without a folding bed could be a happy home, and he had only reached that far when he heard Mrs. Dolby sob. He must either ask her the cause of her sorrow or learn more about the bed, and he read on. The None-Such folding bed did not claim to be a clothes closet, a refrigerator, a washing machine and a mothproof chest all in one. No. It was only a folding bed.

"Samuel," said Mrs. Dolby at this point, "you must have heard all about it down town, but you are not saying anything to me."

The deacon had heard nothing except that Elder Henderson's cow had swum across the millpond, and so he centered his interest on that bed. It was a bed fit to ornament the parlor of the richest man in the land. When folded up it appeared to be a gilt cabinet to hold all of Shakespeare's works, and the mirror in it was something simply gorgeous. When unfolded it was a Turkish divan of oriental magnificence.

"Samuel," said Mrs. Dolby between her sobs, "while you was gone Mrs. Fletcher dropped in here to see what I was going to do about it. She heard it was coming over a week ago, and supposed you had told me. When I told her you hadn't said a word she said that only one inference could be drawn from it—you was in hopes I'd be killed."

The deacon cocked up his ears. Here seemed to be something of importance, but he'd no questions to ask. The circular went on to say that President Taft slept on a folding bed and had never before awoke in the morning so free of backache, and that the Four Hundred of New York city estimated the social standing of a family by the number of None-Such beds in the house.

MRS. DOLBY ASKS FOR A KISS AND DEATH.

No Hiding Place For Wife.

"Yes, Samuel," sobbed Mrs. Dolby, "the inference is plain. You knew a week ago that the Japanese were going to bombard the United States, but you never said a word. Other husbands have dug holes in the back yard for their wives to creep into when the bombs begin to come, but not a thing have you done. You was going to leave me to be hit and smashed all to flinders."

The deacon sighed with relief. He had had a jaw with a tin peddler two weeks before and was afraid it had got to Mrs. Dolby. He turned to the circular to read that the other folding beds of America had folded up on 8,000 people in the last ten years, while the None-Such had behaved itself like a real lady. You didn't have to spike it down or use a logchain. It stayed where you put it and never wandered away.

"Yes, the Japs have got mad again, Mrs. Fletcher says, and this time they are real mad and are going to shoot. She says they have a gun that will throw a bomb 500 miles, and we have not one that will throw 50. They will just stand off 500 miles and bombard, and where will we be? She thinks I may be the first one killed."

Mrs. Dolby was looking up through her tears, but she did not catch the faint smile on the deacon's face. It lingered as he read that the None-Such cured insomnia, indigestion and nervous disorders by wooing sleep. Try all the beds in America, but you must come back to None-Such in the end. Doctors everywhere recommended it, and hospitals everywhere were ordering it. So great was the demand that orders must be sent six months in advance.

"You are a man, Samuel," continued the tearful voice, "and you can dodge bombs, but I can't: I've got to be hit. I shall be hit. You want it so or you would have dug a hole in the back yard for me to hide in. I am old and homely and lame, and of course you want to get rid of me. I've seen it all along for years past, and now it's right at hand. A bomb will come whizzing and I will be gone."

The Deacon Oblivious.

Here was a direct accusation, but the deacon didn't refute it. He read from that circular that while it took a steam engine to fold and unfold other folding beds, the most innocent and tender hearted babe could manage the None-Such. No hitching of a yoke of oxen to pull the foot down at night. The newest None-Suches were equipped with the wireless system, and one could lie there between the sheets and communicate with his mother-in-law a thousand miles away.

"Samuel, I've been a good wife to you. I've made over thirty barrels of soft soap since we was married, and I can't begin to tell how many carpet rags I've sewed. I've allus tried my hardest to help you get along; but, as I said, I'm old and lame and homely, and I don't blame you for wanting a Japanese bomb to strike me. Then you can get married to some sixteen-year-old girl and go around to circuses and picnics. You can stay down cellar while the Japs bombard."

No wife could make a fairer offer, but the deacon didn't appear to be greatly interested. That circular went on to say that if a None-Such with a music box in the springs was preferred the order must so state. Lying down on the bed, that the music and save the cost and trouble of going to the opera. Caruso and Melba could be heard singing under the bed without a cent extra cost. This feature was patented in fifteen different countries and must not be infringed. The deacon was almost hearing Caruso's high notes when Mrs. Dolby said:

"But while I'm willin' to die for your sake, Samuel, I don't want to be killed by a bomb. It would jest tear me all to pieces, Mrs. Fletcher says, and there'd be no funeral. I've thought of a better way. I brung in the ax while you was gone, and I'm going to ask you to knock me in the head with it. Hit me jest as hard as you can and bust my skull in!"

That was another fair offer, but the deacon only cracked his toes over it and made no reply. The circular told him that the None-Such could also be fitted with an apparatus to throw a sleeper out of bed at any hour desired in the morning, and throw him hard. Beware of any folding bed that claimed to keep out flies in summer and save half the coal in winter. They were put on the market by scoundrels of the deepest dye.

Furnishes Weapon to End All.

"And here is the ax, Samuel," said Mrs. Dolby as she rose up and placed it at his right hand. "You will find your shirts with the buttons all on and your socks all mended. Give me the best funeral you can, but don't be extravagant over it. Your new wife will want many new things. Take the ax, Samuel, and then kiss me and whack away. Remember, I hain't blaming you at all."

The deacon must have heard, but he sat there like a stone.

"I told Mrs. Fletcher I'd have you knock me in the head, and so nobody'll blame you."

The deacon was bound to finish that circular—the only circular regarding a folding bed he had ever seen.

"I shall be in heaven when the Japs begin to bombard, and so I shan't care."

Five lines more to finish.

"Kiss me and knock my head in, Samuel."

It was finished, and the deacon laid it aside, lifted his arms to stretch with a "ho-hum," and then got up and went out into the kitchen in search of cold tea. While he was drinking it Mrs. Dolby came out and said:

"Say, Samuel, let's you and me go fishing down to the millpond tomorrer!"

And the deacon drank cold tea and smiled.

Why He Betrayed Himself.

"Dear count," said the beautiful heiress, "suppose I was to tell you that my father had lost all his money. Would you still want me?"

"Ah, zat would make not ze least diffairence. You are ze most beautiful, ze most lofely! I should still say will you be mine, mademoiselle."

"And wouldn't you care if my brother had married a chorus girl?"

"Not in ze least little bit, mademoiselle."

"But if mamma insisted on going to live in the palace with us, would you"—

"Nix," he said, forgetting his dialect, "there's some things even I wouldn't do for money."—Chicago Record-Herald.

A Reasonable Theory.

"As much fun as a basket of chips, eh? That's a bum saying. Now, what fun could possibly attach to a basket of chips?"

"Maybe the saying had reference to an assortment of poker chips."—Louisville Courier-Journal.

A "WORLD'S FAIR" CONCLAVE.

Reservations for Eighty-Five Templars From Here at Chicago.

Many months ago, when the first arrangements for the thirty-first triennial conclave of the Knights Templar at Chicago were being made, hotel reservations were asked for eighty-five knights from the local commandery. Thus far there have been only about sixty knights who have signified their intention of being a member of the party that leaves next Monday morning aboard a special train on the Pennssylvania to remain the four days in Chicago, but it is hoped that before the time of leaving arrives there will be enough more going to fill the entire reservation.

Chicago is more sincerely enthusiastic over this Templar conclave than anything that has been held there for many years. The crowds will probably rank with the largest ever gathered in the Windy City, it being estimated that aside from the thousands of Knight Templars from all over the country there will be 150,000 other visitors. It has been termed the "World's Fair" conclave by Chicagoans and in many features the week will equal the days of the great fair in 1892.

PREPARING FOR BOND ISSUE.

Washington, Aug. 3.—The treasury department officials are working over the form of the proposed issue of $20,000,000 worth of bonds to aid in the completion of reclamation projects.

Congress at its last session authorized this issue and the secretary of the treasury has notified the interior department that it is ready to turn over the amount or any installment of it on call. No date, however, has been fixed for such an issue.

The preparation of the bonds is likely to require two or three months.

THE SHOP AND RAIL NEWS

NEW YORK CENTRAL OFFICIALS IN CITY

Out on a Track and Terminal Inspection Trip.

SWITCHMAN CLAUZ ROLLED 30 FEET

Escaped With Only Slight Injuries—Shop and Rail.

Several of the operating and passenger officials of the New York Central lines were in the city a few hours today. Among them were General Superintendent J. J. Burnet, General Passenger Agent L. A. Robinson, General Agent Paul D. Warren, Assistant Freight Traffic Manager W. A. Terry, E. J. Dowle, industrial agent of the Lake Shore and other New York Central lines, and some of the division officials. The party is out inspecting tracks and terminals and travel in an observation car, which consists of a locomotive with a large observation compartment over the boiler. The general superintendent's private car is also a part of the train. The officials took dinner at the Anthony and then a short ride about the city in an automobile. They left at 2:30 o'clock for the north.

ROLLED THIRTY FEET.

Switchman Clauz Severely Injured at Lima.

Switchman W. G. Clauz, of the Pennsylvania, passed through an accident at 12 o'clock last night which witnesses expected would be a fatality and his only injuries are a scalp wound and a sprained back, neither of which is considered serious. Clauz attempted to step on the footboard of an engine in the Lima yards, but missed and fell. The engine was moving pretty lively and he was rolled by one of the journal boxes a distance of thirty feet before the engineer could respond to the signal to stop. Mr. Clauz was removed to a hospital, where the surgeons found his injuries to be as stated above. It was a narrow escape and he is congratulating himself upon it.

EGYPTA AT WINONA.

Many Fort Wayne People Will Hear the Sacred Opera.

The Pennsylvania company, which has announced special rates to Winona tomorrow, expects to take over 1,000 people from this city to that place to see "Egypta." All trains except the "Special" and the "Limited" will carry passengers there and a special train which will leave Winona at 11 o'clock in the evening will bring home those excursionists who do not care to return on the earlier train. "Egypta" is a story of the Nile, based upon biblical history, and it will be exceedingly interesting and instructive to the audience. A special stage has been erected out on the lake for this beautiful sacred opera and seats will be provided on the shore, affording a good view of the stage and bring every spectator within hearing distance. Prof. W. D. Chenery, the author and producer of "Egypta," will personally direct the opera. Another opportunity for the Fort Wayne people to enjoy a day and evening at Winona without a very great outlay for railway fare will be on Wednesday, August 10, the date set for "Venetian Night," which will be given by the young people of the assembly and will excel in gorgeous display anything ever attempted at Winona of its character. There will be floats of all descriptions and colored lights and fireworks in profusion. On this occasion also the company will sell tickets good on all trains that stop at Winona and will provide special trains to bring the excursionists home.

FELL AND BROKE ARM.

Charles Schreck Has Painful Accident.

Charles Schreck, the lawn builder, sustained a fracture of the bone of his right arm at 8:15 o'clock last night, when he caught his foot on a pipe used to convey water from a hydrant to the traveling crane on the Pennsylvania tracks at Fairfield avenue. Mr. Schreck also painfully bruised his hips when he fell, but he is able to walk about. Dr. C. F. Kandt reduced the fracture and otherwise attended the injured man. Mr. Schreck resides at 441 Baker street.

CHANGE OF TIME CARD.

G. R. & I. Will Issue New Schedule Sunday.

A new time card on the G. R. & I. which will affect all of the fast through passenger trains becomes effective next Sunday. According to it the changes will be as follows: North Michigan Special, No. 19, due here now at 11:59 p. m., will arrive at 12:15 a. m., sixteen minutes later; southbound this train, No. 20, now due at 1:05, will arrive at 1:35, thirty minutes later than under present schedule; Northland Limited, No. 5, now due at 12:30 a. m., will arrive under the new schedule at 12:40, a. m., and southbound, No. 4, now due here at 1:55, will arrive at 1 a. m., fifty-five minutes earlier than at present. No. 16, which runs southward only on Sunday evenings, will next Sunday and thereafter leave the city at 7:20 instead of at 7:30 o'clock.

TRANSFERRED TO OTHER WORK.

John W. Pritchard and Jack Towne have been transferred from the signal department of the Pennsylvania to the road service to work as brakemen. Earl S. Eckelberry, also transferred, will be a fireman.

VISITING FORT WAYNE FRIENDS.

K. G. Connelly, foreman of the C., A. & C. round house at Orrville, is here to spend a vacation with his relatives and friends. Mr. Connelly formerly resided here and worked in the Pennsylvania shops.

MACHINIST SLIGHTLY HURT.

E. H. Hattersley, of the Pennsylvania machine shop, sustained an injury to one of his arm yesterday which will disable him for several days. A jack fell off a pedestal and struck him.

DIED FROM TYPHOID FEVER.

Frank Antonio, an Italian, died in the Wabash railway hospital at Peru yesterday morning, after a brief illness with typhoid fever. Antonio came to America a month ago and immediately took employment with the Italian laborers in this city engaged in track elevation work. When he was taken sick, he was immediately removed to the hospital, where he received all the attention that skilled attendants could give, but their efforts were fruitless.

SUPT. HUDSON RETURNS.

Supt. B. H. Hudson, of the Grand Rapids and Indiana road, has returned from Bay View, Mich., where he spent three or four weeks. Mrs. Hudson will remain there until the close of the summer season.

INSPECTED DIVISION D.

Second Vice President J. J. Turner, of the Pennsylvania, came in the city in his private car on train 15 early this morning and left on a special at 7 o'clock for Chicago. He is accompanied on the trip by Supt. J. B. McKim and some of the other division officials.

AN ASSYRIAN HURT.

Charles Lahmer, a young Assyrian, employed in the Bass foundry, had the great toe of his right foot crushed this morning. He was at work in the shop and was struck by an iron plate weighing about twenty pounds, which fell a distance of five or six feet and alighted on his foot. He was attended by the company's surgeon and then sent to his boarding house.

NEW TEAM TRACK.

To meet the growing demand for facilities of that kind, the Pennsylvania has put in a "team" track extending down the driveway from Lafayette street to a point about 250 feet east of Clinton street. The track is adjacent to the north side of the east end of the freight house platform and freight can be loaded into cars and vice versa on the platform if desired.

GOOD CROWD FOR THE FALLS.

Agent W. H. Shorey, of the Wabash, is feeling rather jubilant over the prospects for a big crowd on the Niagara Falls excursion over that line tomorrow, the train leaving the city at 5:15 a. m. Only a few berths remain open in the sleeping car and they will probably be taken when the train leaves. The Nickel Plate is also selling Niagara Falls excursion tickets for the train which leaves here at 8:30 p. m. tomorrow night, but this is not the annual excursion over that line, that event coming later in the month.

CONCERT AT M'CULLOCH PARK.

The fourth of the park series of concerts to be given by the Electro-Technic band will be at McCulloch park Friday night and the concert club will conduct the usual ice cream stand. One week from tonight the band will give a concert at Swinney park in connection with the civic improvement meeting there. Saturday afternoon the band will play at the ball game between the Electro-Technics and the Knott-Van Arnam team and Sunday the band will fill the third of its engagements with the Fort Wayne and Wabash Valley Traction company, when it will give a concert in Spencer park, at Logansport.

SHOPMEN PLAN VISITS

Among the pleasure trips for themselves and families planned by Pennsylvania shopmen are the following: Foreman J. A. Foster, of the airbrake room, and wife, to Cleveland; C. M. Roxhans to Chicago; C. P. Wise, to Chicago; M. Conners and wife to Scribner, Neb.; J. R. Kretsinger and wife, to Buffalo; Ed Colner and wife to Atlantic City; N. Bettle to Cincinnati; F. J. Thompson and wife, to Grand Rapids and Petoskey; Mrs. G. M. Bailey, to Lima, Ohio; F. E. Dorn and wife, to Lake City, Mich., and J. A. Carey and wife, to Cleveland to visit his parents. All will leave the latter part of this week or early next week.

RESPONDING LIBERALLY.

Not in the history of the Pennsylvania Company Employes' Athletic association was there more interest taken outside of employe circles than is being displayed in the annual sports tournament to be given at the Driving park on Saturday, August 20. The response to the invitation to the business, professional and other men of the city to contribute towards the list of prizes has been beyond precedent and as a result the list of events will be greater and the prizes much more valuable than those offered at former field day tournaments. The committee whose duty it will be to arrange the prize list will soon take up that work. The tournament is going to far exceed in attendance and all other features anything of its character ever given in Fort Wayne.

WILL STOP AT LAFAYETTE.

According to Division Engineer W. S. Danes, of the Wabash, the track elevation east of Calhoun street will not be completed this year. This is due to the controversy between the Pennsylvania and the city officials concerning the additional tracks wanted by that company and the consequent delay in the work. The Pennsylvania cannot elevate the tracks to Lafayette street and at the same time handle its passenger trains at the depot without considerable trouble, hence the decision not to elevate there at once. The plans contemplate a slight elevation at Lafayette street, which must be accomplished on both roads at once. Mr. Danes said this morning that he would build temporary retaining walls between the tracks of the Wabash and those of the Pennsylvania and carry the elevation as far east as Lafayette street and let it go at that for awhile. This plan will allow the Wabash to complete the elevation of the other portions of their tracks and put in their bridge at Calhoun street, all of which will be accomplished by the middle or latter part of October.

INDUSTRIAL NOTES.

D. M. Brophy and Dennis Cleary, Pennsylvania shopmen, are sick and off duty.

A. J., J. L. and H. T. Bobay and J. Bryie, of the Pennsylvania shops, are attending a picnic at Academie today.

Machinist J. H. Cullen, of the Pennsylvania shops, was presented with a daughter last night.

Yesterday the Wabash did a good business in selling tickets to western points, among them being six to Texas.

Louis Wood, a boilermakers' helper, took employment at the Bass shops this morning.

Frank Goetz, of the publication department of the Fort Wayne Electric works, has returned from a week's outing at Sylvan lake.

The clerks at the Bass Foundry and Machine company have completed the semi-annual inventory, at which they were engaged, in connection with their other duties, for two weeks.

The Pennsylvania Railroad company is figuring on building a spur at Winona Lake to haul coal cars to the electric lighting plant.

R. A. Reim, a painter at the Pennsylvania shops, has returned to duty after a visit with relatives at Frankfort.

Clarence R. Lapp, messenger at the Pennsylvania machine shop, has returned fro ma short pleasure trip to Chicago.

John Dolman, of the Chicago Steel Foundry company, talked business to railway officials and greeted old friends in Fort Wayne today.

J. B. Mills, the head of the laboratory at the Fort Wayne Electric works has returned from a two weeks' outing at the lakes.

Herman Gerke, clerk for Foreman Daniel Petgen, at the Pennsylvania copper shop, will take his annual vacation next week, when he will visit friends in Chicago and Milwaukee.

Supt. J. C. Sullivan, of the Wabash, brought his two daughters up from Peru this morning and took them out to Academie to attend the picnic in progress there today.

A. B. Muller, who had taken a position for the summer at the Pennsylvania erecting shop, resigned this morning. He found that work in the shop interferred with his studies and he resigned.

Dr. G. M. Leslie is not north, enjoying his vacation, as stated by all of the city papers, but is looking after his duties at the Bass offices and Brookside as usual. Mrs. Leslie and the children have gone north, however.

The engineers on the Louisville and Nashville road, who now earn an average of $4.05 per day, have been given an increase which will amount to 12 to 15 per cent. The increased scale came after a six weeks' controversy between the brotherhood committee and the management of the railway.

The item concerning the alleged appointment of C. H. Ackert, president of the Chicago, Indianapolis and Louisville, (Monon,) to succeed the late Ira G. Rawn, which has been going the rounds of the press, is emphatically denied by Mr. Ackert for the reason that the office was not offered him. Mr. Ackert is vice president of the Chicago and Alton.

Superintendent J. C. Sullivan, of the Wabash, who is a member of a special committee selected to meet with the Indiana railroad commission to discuss accidents and methods of preventing them, has returned from Indianapolis, where the committee and the commission had a secret meeting Monday. The reports of this meeting, together with the reports of the committee on affairs of that kind during their term of office, will be made at a meeting to be held in November.

News from Pittsburg is to the effect that the conference between the delegates from the Amalgamated lodges of the tin and steel workers in the towns affected by the strike, which began thirteen months ago, did not result in an agreement on the proposition to declare the strike off. The matter will now be left to a vote of the steel and tin workers directly affected, which will be taken next Sunday. The result cannot be forecasted.

CITY RECORDS CAST ASIDE BY THE MEMBERS

Delay on Meter Contract Follows Failure to Act—Notes.

At a meeting of the city council committee on contracts and franchises last night the records of the waterworks department were cast aside and delay in the approval of the contract with the Pittsburg Meter company will be entailed, although the members, according to Secretary Martin Detzer, had before them all of the figures and everything that was necessary.

This committee insisted on having the original bids which are part of the record in an injunction suit brought by the other meter companies and which were not available. These bids were copied and are part of the city records, but the committee members said they must be shown and no action was taken at the meeting last night. The validity and fairness of this contract has been passed upon by the superior court and Mr. Detzer stated today that he had ready for the committee everything that could have thrown light on the matter.

In the meantime the city is buying meters in small lots and the action of the council will not delay any of the work that is now being carried on under the ordinance requiring that all services be metered.

Street to Be Opened.

Calhoun street from Main south to Brackenridge will be thrown open on the west side to the public either Friday or Saturday morning. The sand will be left on top as the merchants along the thoroughfare will have it sprinkled on week days. Mayor Grice issued orders to the street cleaning department to sprinkle it on Sunday.

The Moellering Construction company announced this morning that it would complete today its concrete on the west side of the street and would be ready tomorrow morning to take up the east side. In the meantime the laying of the city lighting conduits is being carried on under the direction of one of John A. Radford's assistants.

Board of Safety Routine.

At the meeting of the board of public safety last night a petition asking increased wages for firemen was taken under advisement and will be considered when estimates for next year come up for adjustment. The men ask for from $5 to $10 a month advance.

No contract was let for an auto patrol wagon. Five bids were submitted and all taken under advisement.

A request will be made upon the board of safety for a fire hydrant on the east side of Calhoun street at the alley between Wayne and Washington.

Councilman Braun asked a fire hydrant for Ohio and Lewis streets and the petition was filed. Meetings will be held in the next ten days at which the estimates to be submitted to the city council will be passed upon.

The Fort Wayne and Wabash Valley Traction company started a force of men on Spy Run avenue at Elizabeth street taking down the old pole line and replacing it with a new line in the first alley west.

WOOD BLOCK BEST FOR AUTOS.

Consul to Berlin Reports Result of His Observations.

Washington, Aug. 3.—For automobile traffic in city pavements made of impregnated wood blocks are said to be the best, according to a report to the bureau of manufactures by A. M. Thackera, American consul general at Berlin. He says it does not wear automobile tires so quickly, is freer from dust and more susceptible to the influence of dust binding and dust settling agents.

Asphalt, however, he adds, is still considered the best all around pavement for heavy traffic.

MALLE APPEALS HIS CASE FROM THE COURT

Is Fined for Running Auto Too Fast—The Other Cases.

William Malle was fined $25 and costs in the city court today on the charge of running an automobile at a greater speed than the laws contemplate and through Colerick and Hogan he took an appeal to the circuit court.

He was not present and a plea of not guilty was entered. Chief or Police Elliott gave his testimony and the fine was assessed and notice of appeal given. Fred Brandt, the street cleaner, who was run down by him, has sent for an attorney and unless an agreement is reached out of court a civil suit will probably follow.

Woman is Fined.

Dottie McMannus, known here as Powers, was fined $5 and costs and given sixty days in jail for stealing $115 from Alfred Zugg and $18 from William Kohler. The theft occurred several months ago at 305 Mellta street and a charge of petit larceny was preferred because the woman has a daughter and the police did not want her sent to prison.

The Other Cases.

Under a plea of guilty a young fellow who is laid up at his home as the result of a fight on Eureka avenue last Saturday night, was fined $10 and costs. He gave the name of Rodney Burgess. His assailant, who is also of a well known family, had his case continued. He gave the name of Otto Walters.

A case of assault and battery against Thomas Kelker was dismissed as the prosecuting witness was not present.

Jake Shoup was fined $5 and costs for drunkenness.

Christian Martz, Jacob Rasmus and Mary H. Wilson, charged with infractions of the health laws, had their cases continued until they can comply with the ordinances.

DISORDER IN MINE STRIKE.

Strike Sympathizers Storm Lodging House Holding Strike Breakers.

Irwin, Pa., Aug. 3.—More disorder which marked the progress of the coal miners' strike in the Greensburg-Irwin district, broke out today. Alleged strike sympathizers stormed a lodging house at Hahntown, where strike-breakers are quartered and, taking the forty deputy sheriffs guarding the house, succeeded in routing the officers until reinforcements arrived.

The battle between the strikers and the officers lasted half an hour over 200 shots being exchanged. One striker was found after the fighting with a bullet in his left leg.

FARMERS' UNION IN SESSION.

Loogootee, Ind., Aug. 3.—The second annual state convention of the Farmers' Educational and Co-operative Union of America will be held in the Pythian opera house of this place tomorrow and Friday of this week. The permanent committees on by-laws, resolutions, legislation and permanent organization have been here since Saturday and are holding daily sessions, and expect to be ready to report when the meeting is called to order tomorrow.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Aug. 3.—Decreasing movement of new wheat as indicated by scanty acceptances of bids to the country had a bullish effect today on prices. There was also a general feeling that liquidation had been pretty thorough for the time being. Demand by millers was held to show hope of improved investment activity. Under these conditions an advance at Liverpool was the occasion for a prompt upturn. The market opened ¼c to 1c higher. Sept. started at $1.01 to $1.01¼, a gain of ⅛c to ⅜c and rose to $1.01⅝.

Rain and cooler weather weakened corn, but the market rallied because of good buying on the part of commission houses. At the outset, Sept. was ¼c to ⅝c off at 61⅜c to 62⅛c. On the reaction 62½c was reached.

Light offerings of oats led to firmness after an easy opening due to the influence of corn. Sept. started a shade to ⅛@¼c down at 36½c to 36⅝c and then went to 36⅞c.

Shorts in provisions were eager to cover in view of higher prices for live hogs. The opening was at an advance of 10c to 22½c with Sept. option at $21.75 to $21.80 for pork, $11.70@11.72 for lard and $11.60 for ribs. All the gain was not held.

Car Lot Receipts.

Wheat—Receipts today were 528 cars, with 366 of contract grade.

Corn—Receipts today were 304 cars, with 140 o fcontract grade.

Oats—Receipts today were 180 cars.

Total receipts of wheat at Chicago, Minneapolis and Duluth today were 840 cars, compared with 837 cars last week and 518 cars the corresponding day a year ago.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Aug. 3.—There was a good deal of irregularity today in the opening dealings in stocks. The upward tendency of yesterday was continued at some points, but realizing sales caused sharp reactions at others. Rock Island, United States Steel and Amalgamated Copper fell 1 and Union Pacific, Southern Pacific, Reading, Atchison and New York Central substantial fractions. Louisville and Nashville, Interborough, Metropolitan Preferred and Colorado Fuel advanced ¾.

The market became heavy in sympathy with large declines in some of the leading stocks. Afterward there was a brisk demand for a number of minor stocks and the whole list turned strong. Rallies from the low point ran from 1 to 1½ in Union Pacific, Reading, New York Central, Atchison, United States Steel, Amalgamated Copper and American Smelting. There was a sudden decline of three points in Third Avenue on the disapproval of the re-organization plan by the public service commission. United States Express rose 2¾ and Central Leather 2½. Gains of 1 to 1½ were made by a dozen or more of the less active stocks including Chicago, Great Western and St. Louis Southwestern Preferred 1½. Illinois Central 1¼ and several others a point. At 11 o'clock the market was ruling fractionally below its best prices and was quiet.

The market was affected by the disposition to realize on the sharp rise in prices yesterday. Strength in special stocks was a sustaining influence. Rains in the corn belt and the improving money situation were helpful factors. Erie First Preferred rose 2 and Rock Island Preferred 1¼. Noon prices were about the lowest up to that time, with Amalgamated Copper down 2, Southern Pacific 1¾, Northern Pacific 1½ and Union Pacific, St. Paul, Reading and Sloss Sheffield Steel 1. Bonds were firmer.

The list was offered down steadily with no effective support interposed. Losses of two points were general in the representative stocks. National Biscuit was forced down 3 points, Great Northern Preferred 2, Northern Pacific 3, Union Pacific 1¾, American Smelting 1½, New York Central and American Locomotive 1¼, Atchison, Missouri Pacific and Chesapeake and Ohio 1. Detroit United railways moved up 5½, Delaware and Hudson 2, and Minneapolis and St. Louis and Tennessee Copper 1.

Intermittent selling kept the market down with the pressure most effective in St. Paul, Reading and United States Steel, which were from 1⅝ to 2 points under yesterday's closing. Other losses were Missouri Pacific and Great Northern Ore certificates 2, Wabash Preferred 2⅛, St. Louis, Southwestern Preferred and Interborough Metropolitan Preferred 1¼, and Toledo, St. Louis and Western, Brooklyn Transit and Consolidated Gas 1. Kansas and Texas Preferred rose 1¾.

The market closed strong and moderately active. The decline in Great Northern Preferred in the final hour ran to 2¼. A sufficient demand developed from shorts to rally prices. Recoveries reached from 1 to over 2 points in Union Pacific, Chesapeake and Ohio, Northern Pacific, Southern Pacific, St. Paul, Missouri Pacific, Reading, United States Steel and American Smelting, American Agriculture, Chemical gained 1.

BIG CROWD AT PICNIC.

Annual Event at Academie Attracts Many People Today.

The annual picnic of the St. Vincent's Catholic church was held today in the handsome grove at Academie, and it drew a very large crowd from this city. Visitors made the trip on the Robison park cars and were transported in hacks from the car line to the grove. The ladies of the congregation served dinner and supper, and the program committee had provided a long list of amusements for the day.

FUNERAL OF J. G. CARLISLE.

Washington, Aug. 3.—The funeral of John G. Carlisle, former secretary of the treasury, took place here this afternoon at St. Thomas' Episcopal church. The body was deposited temporarily in a receiving vault at Rock Creek cemetery and later will be taken to Covington, Ky., where the dead statesman will rest beside his wife.

The spiritualists of Fort Wayne and vicinity will meet at Robison park Sunday afternoon at 2:30 o'clock to enjoy a basket dinner, and they have invited everybody to bring baskets well filled and join them in the event.

Fashion Hints
FOR FALL

The Empire and Greek classic styles will be the keynote in costumes and wraps for the autumn and winter season, the designers going back to the reign of Napoleon I. for their ideas. Of course there will be modifications and changes from the strict Empire and Classic lines—the waist line will be high and the skirt narrow, soft and clinging, making the use of soft fabrics such as Chiffons, Velvets, Satins and like materials in wool necessary. As the gown grows narrower the hats grow larger. The slim figure must not be topped with a small hat. Trimmings will be most elaborate and of unlimited variety. Chiffon scarfs, plain or bordered, with fur or marabout in shades to match or to contrast with the cotsume, will be very stylish. The fashionable way of wearing these scarfs is to wrap them about almost the entire figure.

IN DRESS GARNITURES the prevailing tone is the Oriental. Rich designs are shown in Parisian, Egyptian, Turkish and East Indian colorings, somewhat startling in design and weird color blending, but very handsome.

IN DRESS FABRICS for fall, preference will be given to piece-dyed Taffetas, Poplins, Serges, Cashmeres and Baratheas, broadcloths of soft texture still retaining their popularity. The shades wanted will be the favorite blues, browns, greens and grays as of old, with a sprinkling of novelty pastel shades. Rough or natte effects in suitings will also be popular.

IN SILK FABRICS, Satin and Satin-faced materials will take the lead; still there will be a growing demand for Taffetas, Crepes and Crepe de Chines will also meet with favor. In fancy silks, Persian printings on taffetas and chiffons, also black and white strine effects to be worn with overdrape of mouselaine or marquisette will be in great demand.

If you desire to be thoroughly posted on what to wear, visit this store often.

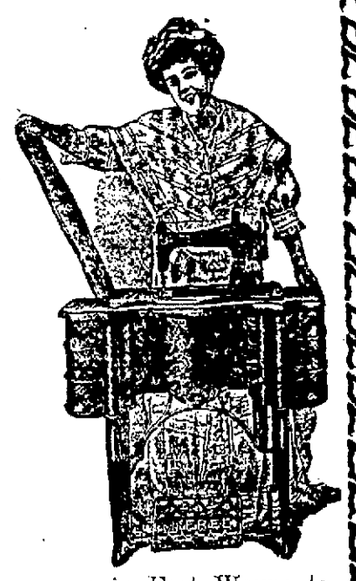
The Free Sewing Machine



With its many improvements is the greatest gift to the women of America.

We want every woman in Fort Wayne to come and look at this new and different sewing machine. We want you to see the many improvements which make it superior to every other high-grade machine on the market.

We want you to see that THE FREE Sewing Machine is the **machine of today**, and that all other makes are **machines of the day before yesterday.** And we want to have a chance to tell you personally how remarkably low our price on **THE FREE** is.

Come and See THE FREE

See its strange and fascinating "Rotocillo" movement which makes the FREE so fast running.

See the 8 sets of ball bearings, which makes it run as light and noiseless as a Swiss watch.

See the beauty of its graceful French-leg design and dustless japanning.

See the improved head-latch.

The automatic locking drawers.

The automatic Tension Release.

The Rotary spool pin.

The clever shuttle ejector.

The automatic thread controller.

The needle which never breaks.

The reinforced shuttle which never wears out.

The belt which never comes off.

"If It's a Good Thing, Seavey's Have It"

Any One Who Uses Edged Tools of Any Kind

Knows how much the labor is lightened when tools are sharp. But a good many people don't know the easiest way to keep edged tools in good shape. Come to us and we will show you.

We have a full line of CARBORUNDUM SHARPENING STONES. They are the best ever. Put a keen, smooth edge on any kind of a tool from a razor to an axe.

For the special excursion which will go to Niagara Falls on August 4th, we will issue a pass to every one who calls in order that he may visit this wonderful plant of Carborundum.
